SMART MASSAGE CHAIR

Elegant in Design Intelligent at Heart

RT8630

More Professional Massage Chairs

Superior Massage Experience

Smart Features and Convenience

Dual Mech Performs various techniques

Two way traction patented legrest

Warm heating Soothing warm care

Armrest quick buttons Easily manage your chair

Super long SL-style track

Tight full body wrap-around massage

24 Auto massage programs

HD touch screen controller

Smart Dual Mechanism

Dual-Core Synergy Quad-Hand Massage

Double the Relief – From Fingertips to Soul, Customize Your Personalized Stress-Relief Space

Upper Core - 4D SmartSync mechanism

Covers 784MM from neck to back

Lower Core - 2D Hip mechanism

Covers 861MM from back to thigh

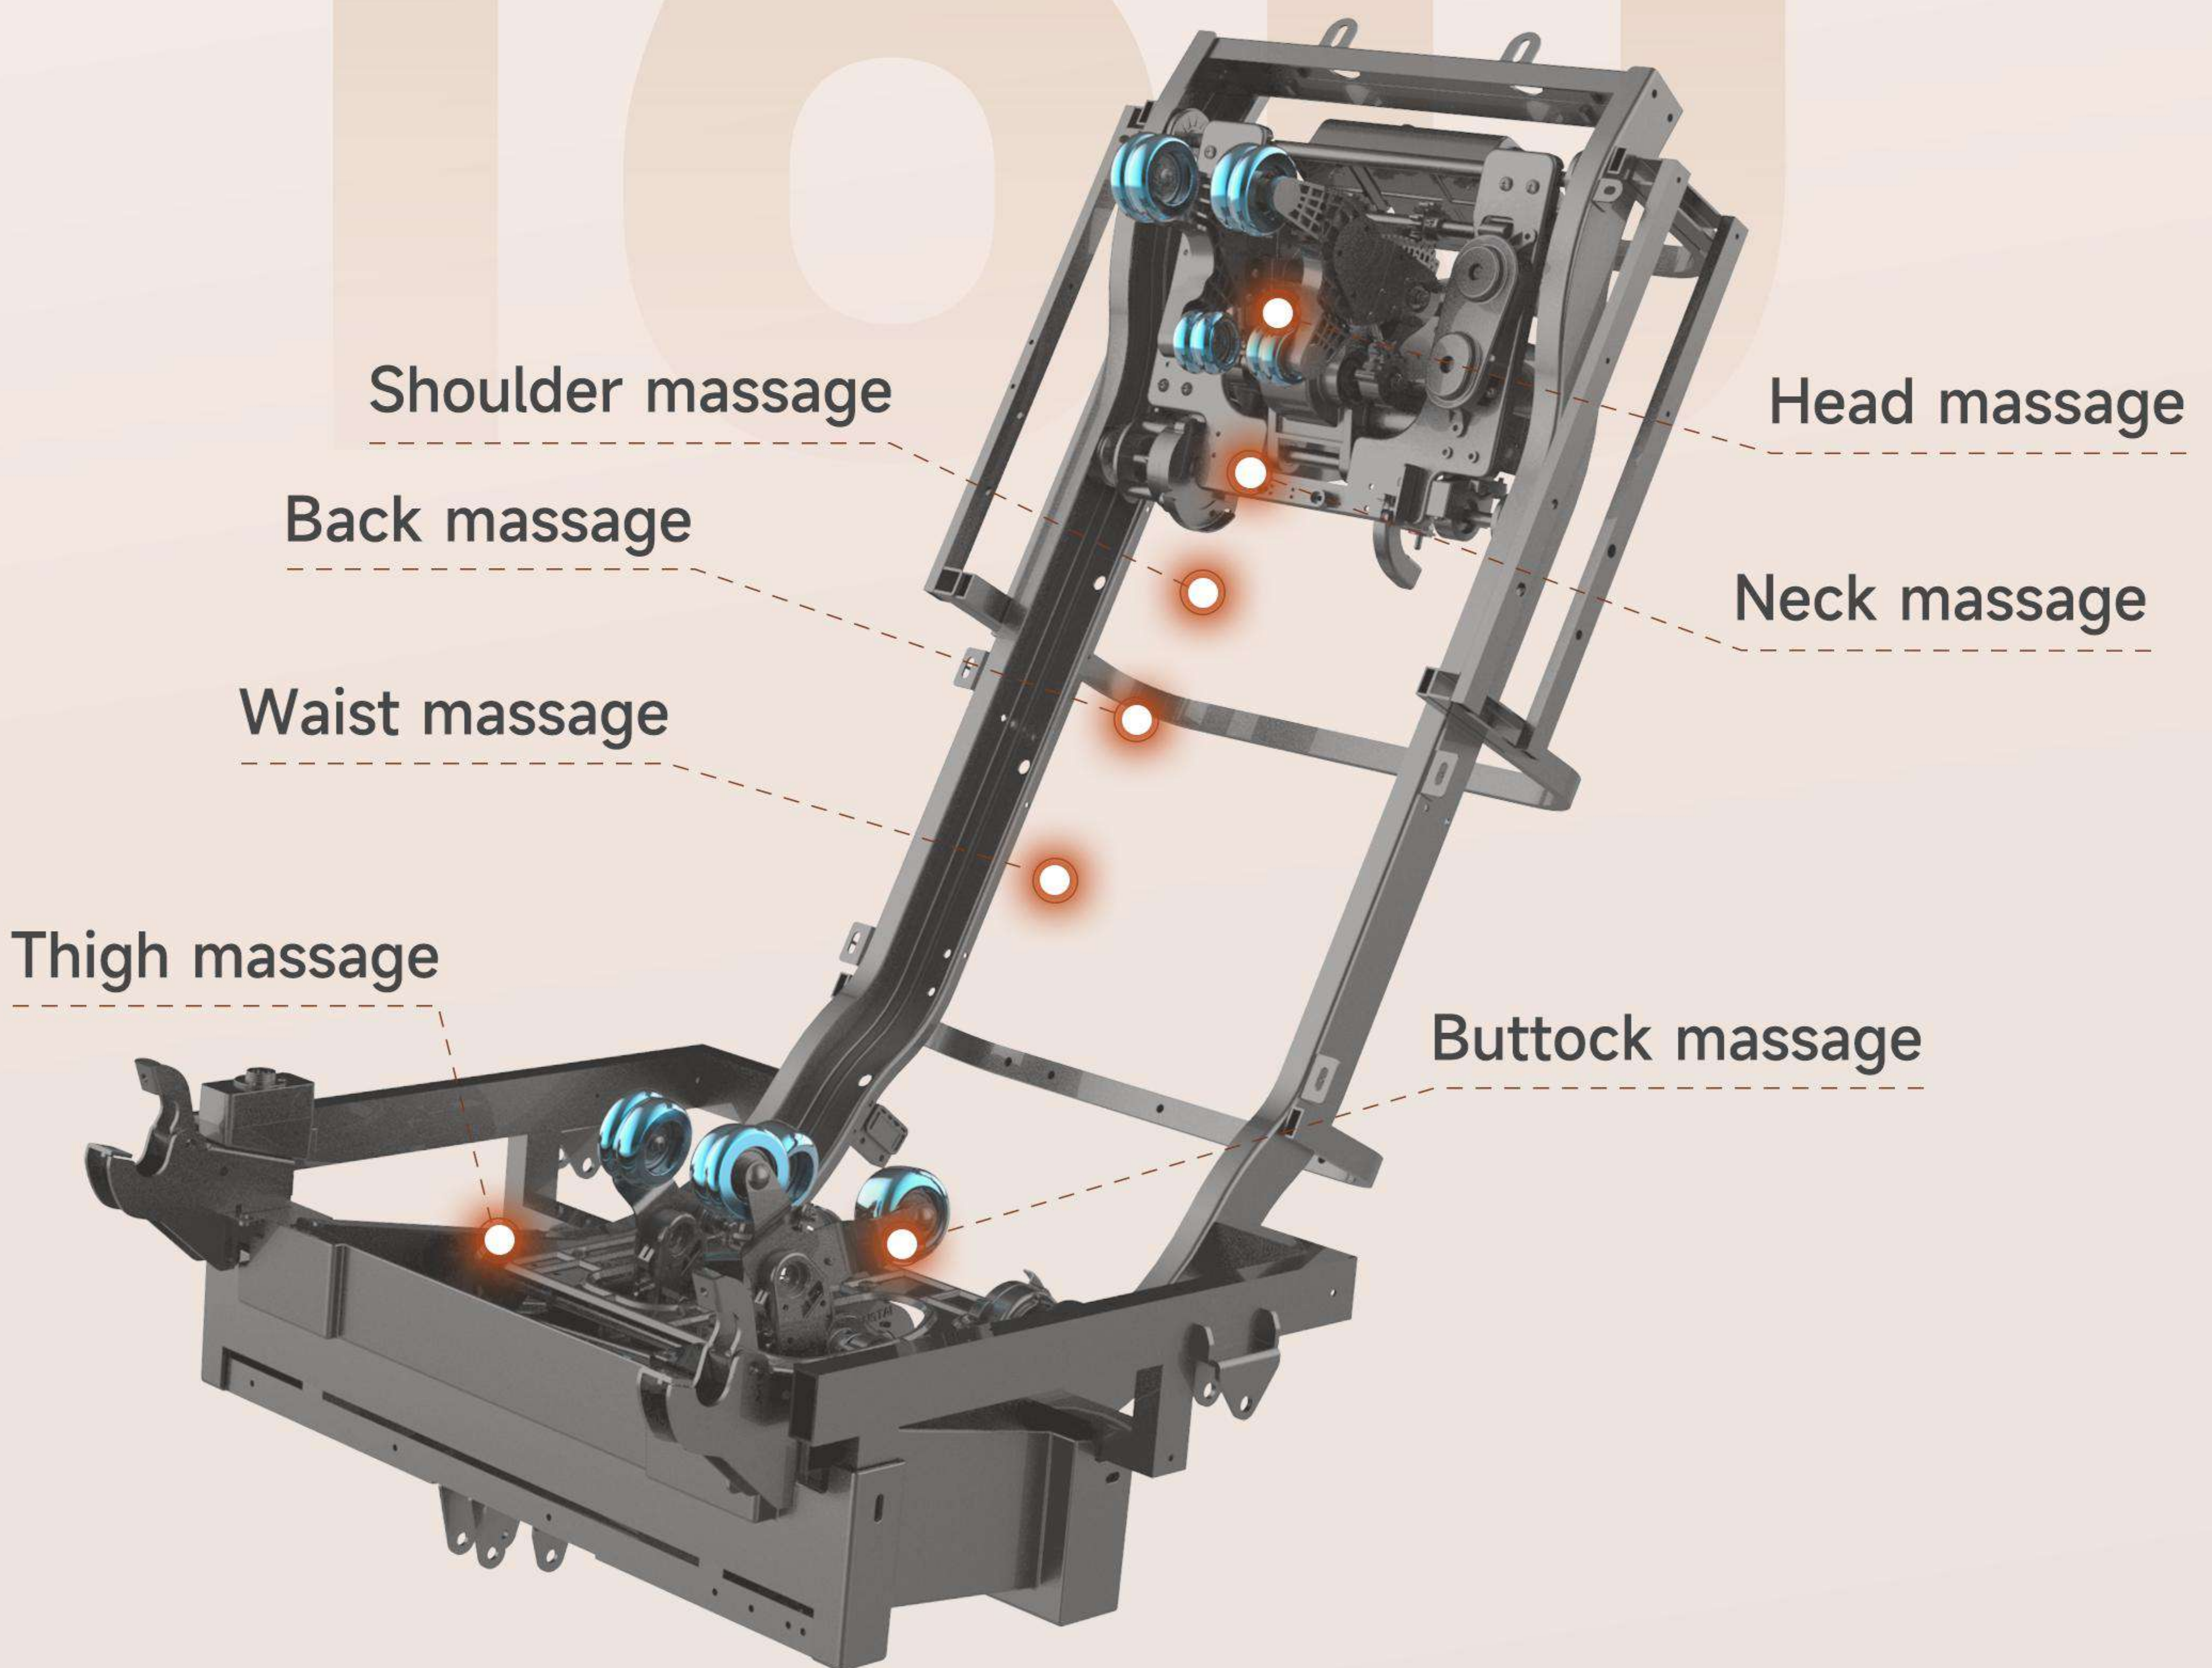

Super long SL-style track

Covers 1045mm From Neck To Thigh

Conforming to ergonomic principle, backrest can reclines to 130-160°, delivering three dimensional massage along the entire length of the spine, and all the way down to hips and the thighs.

Maximum Reclining Angle

160°

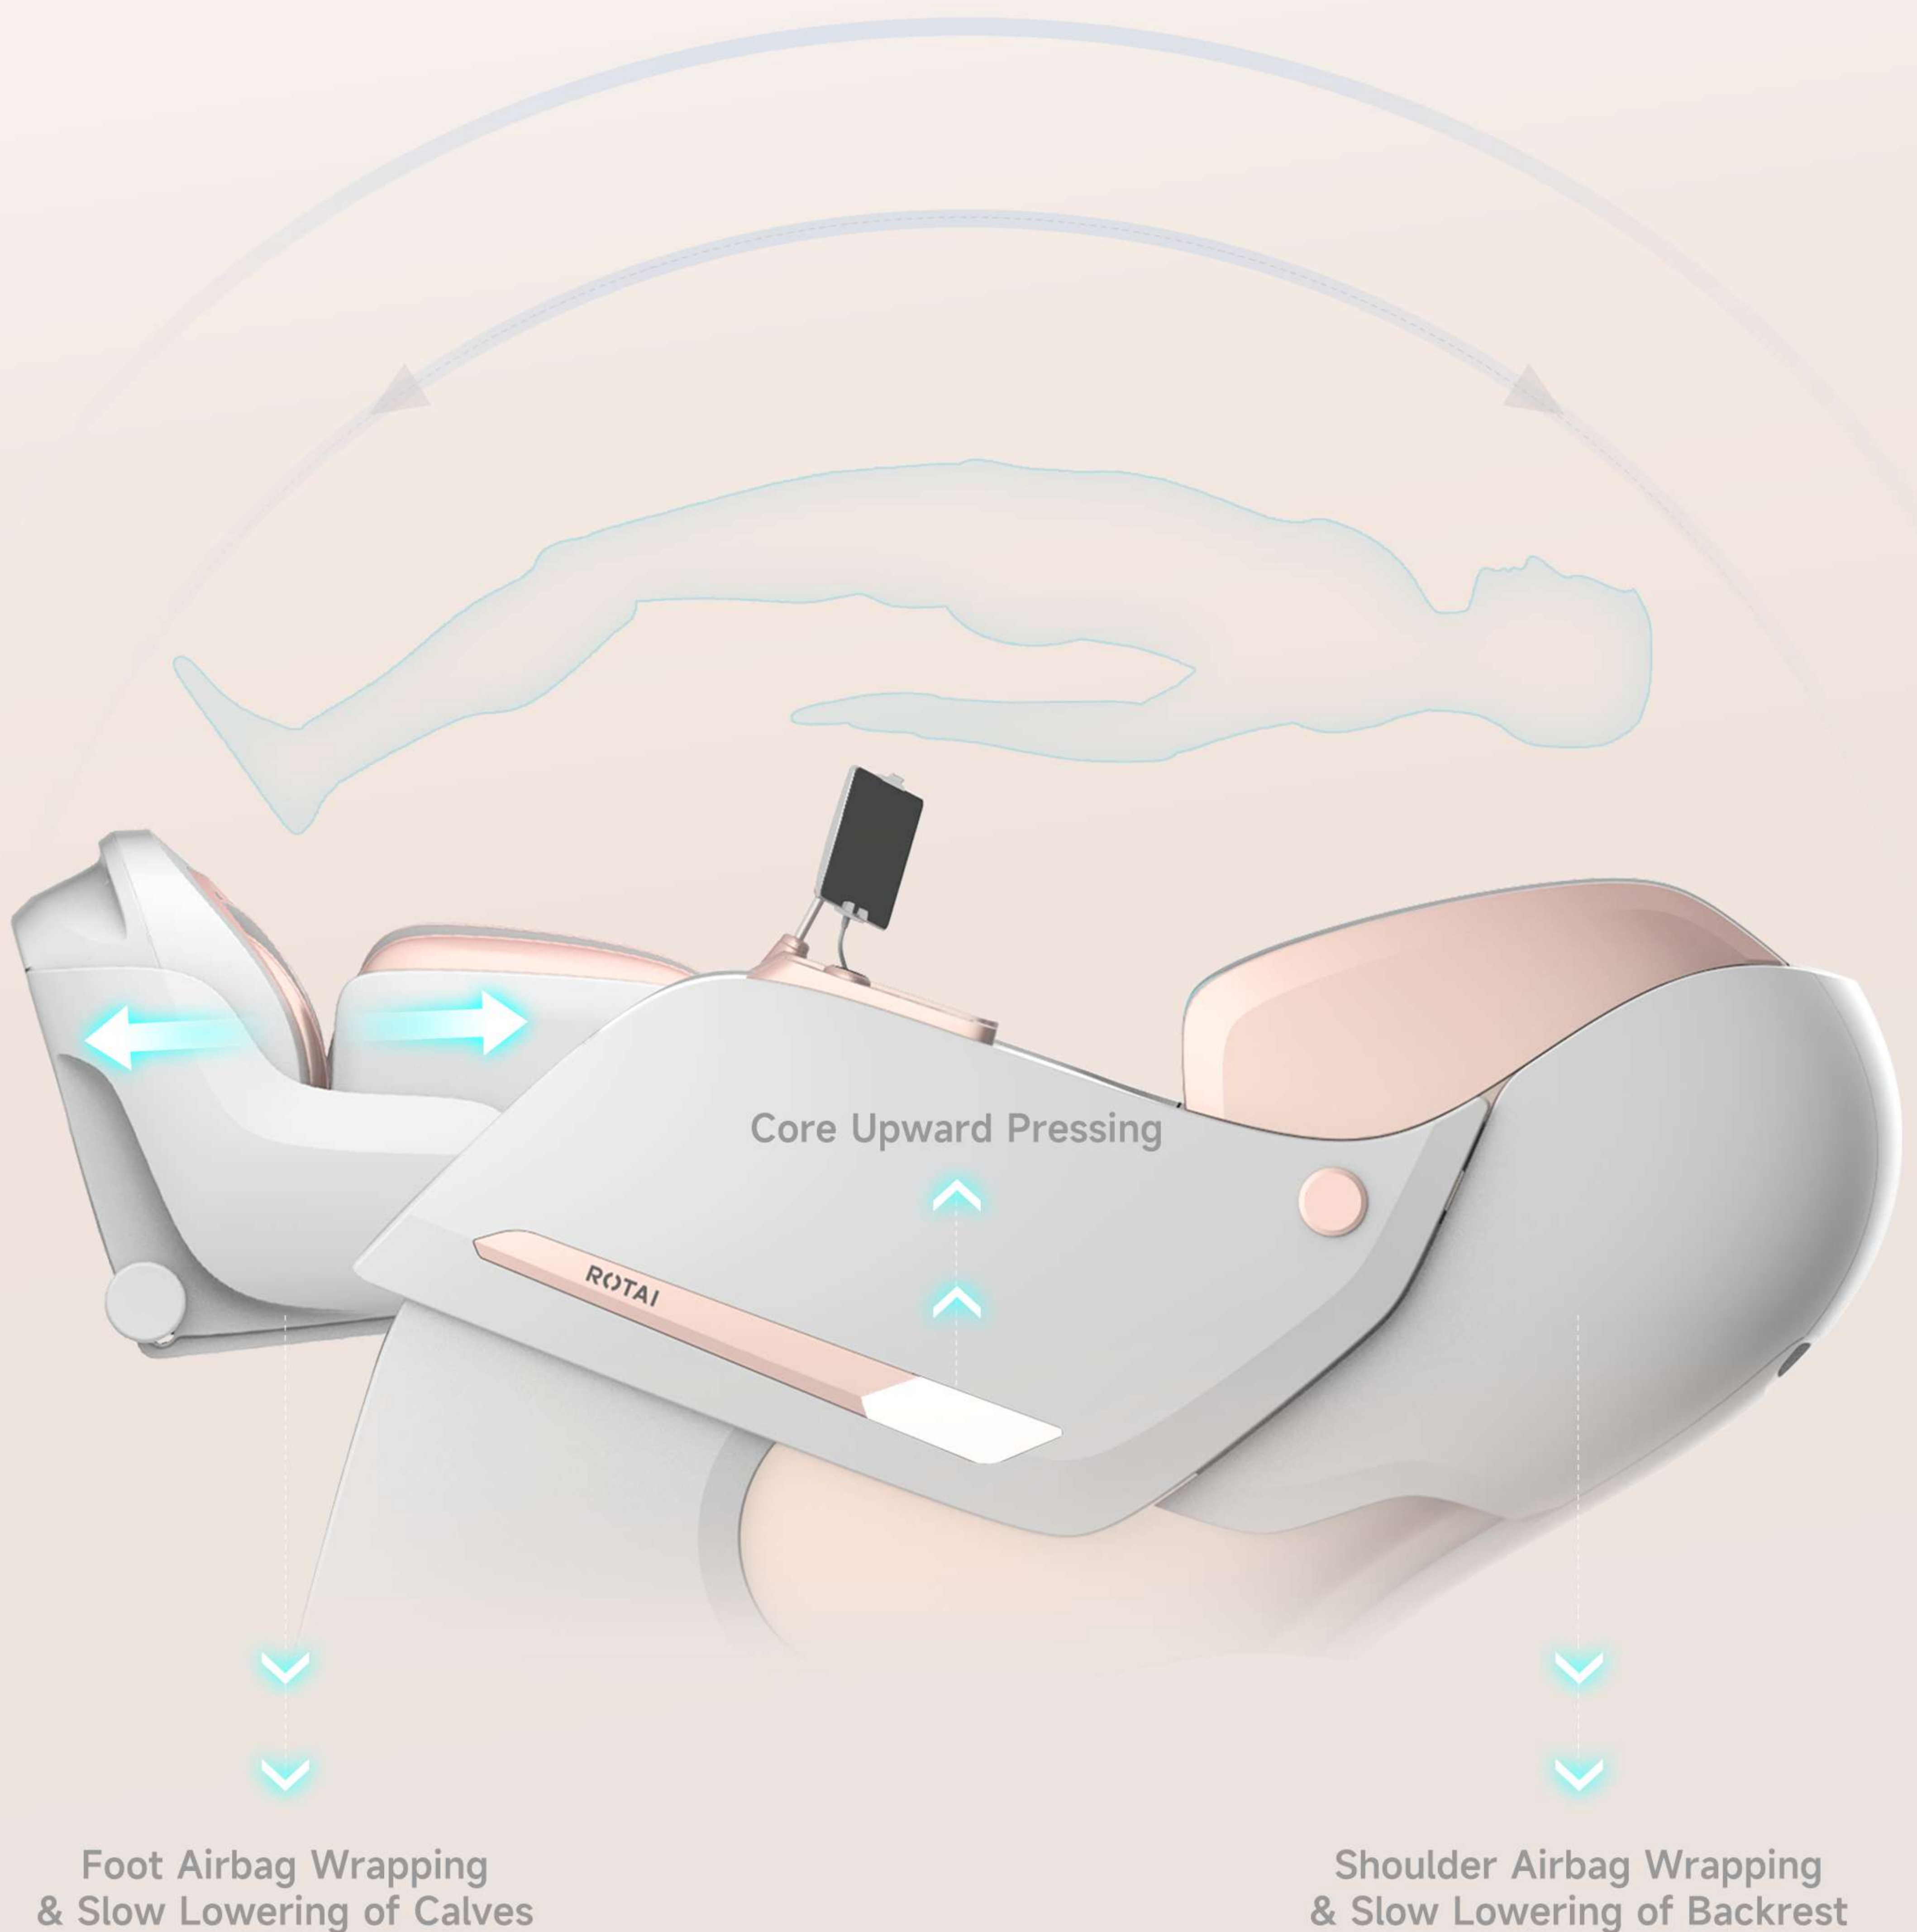

The 7-segment design can independently select the sore area for fixed-point continuous massage

Bidirectional Foot Stretching

Experience Professional Thai Stretching at Home

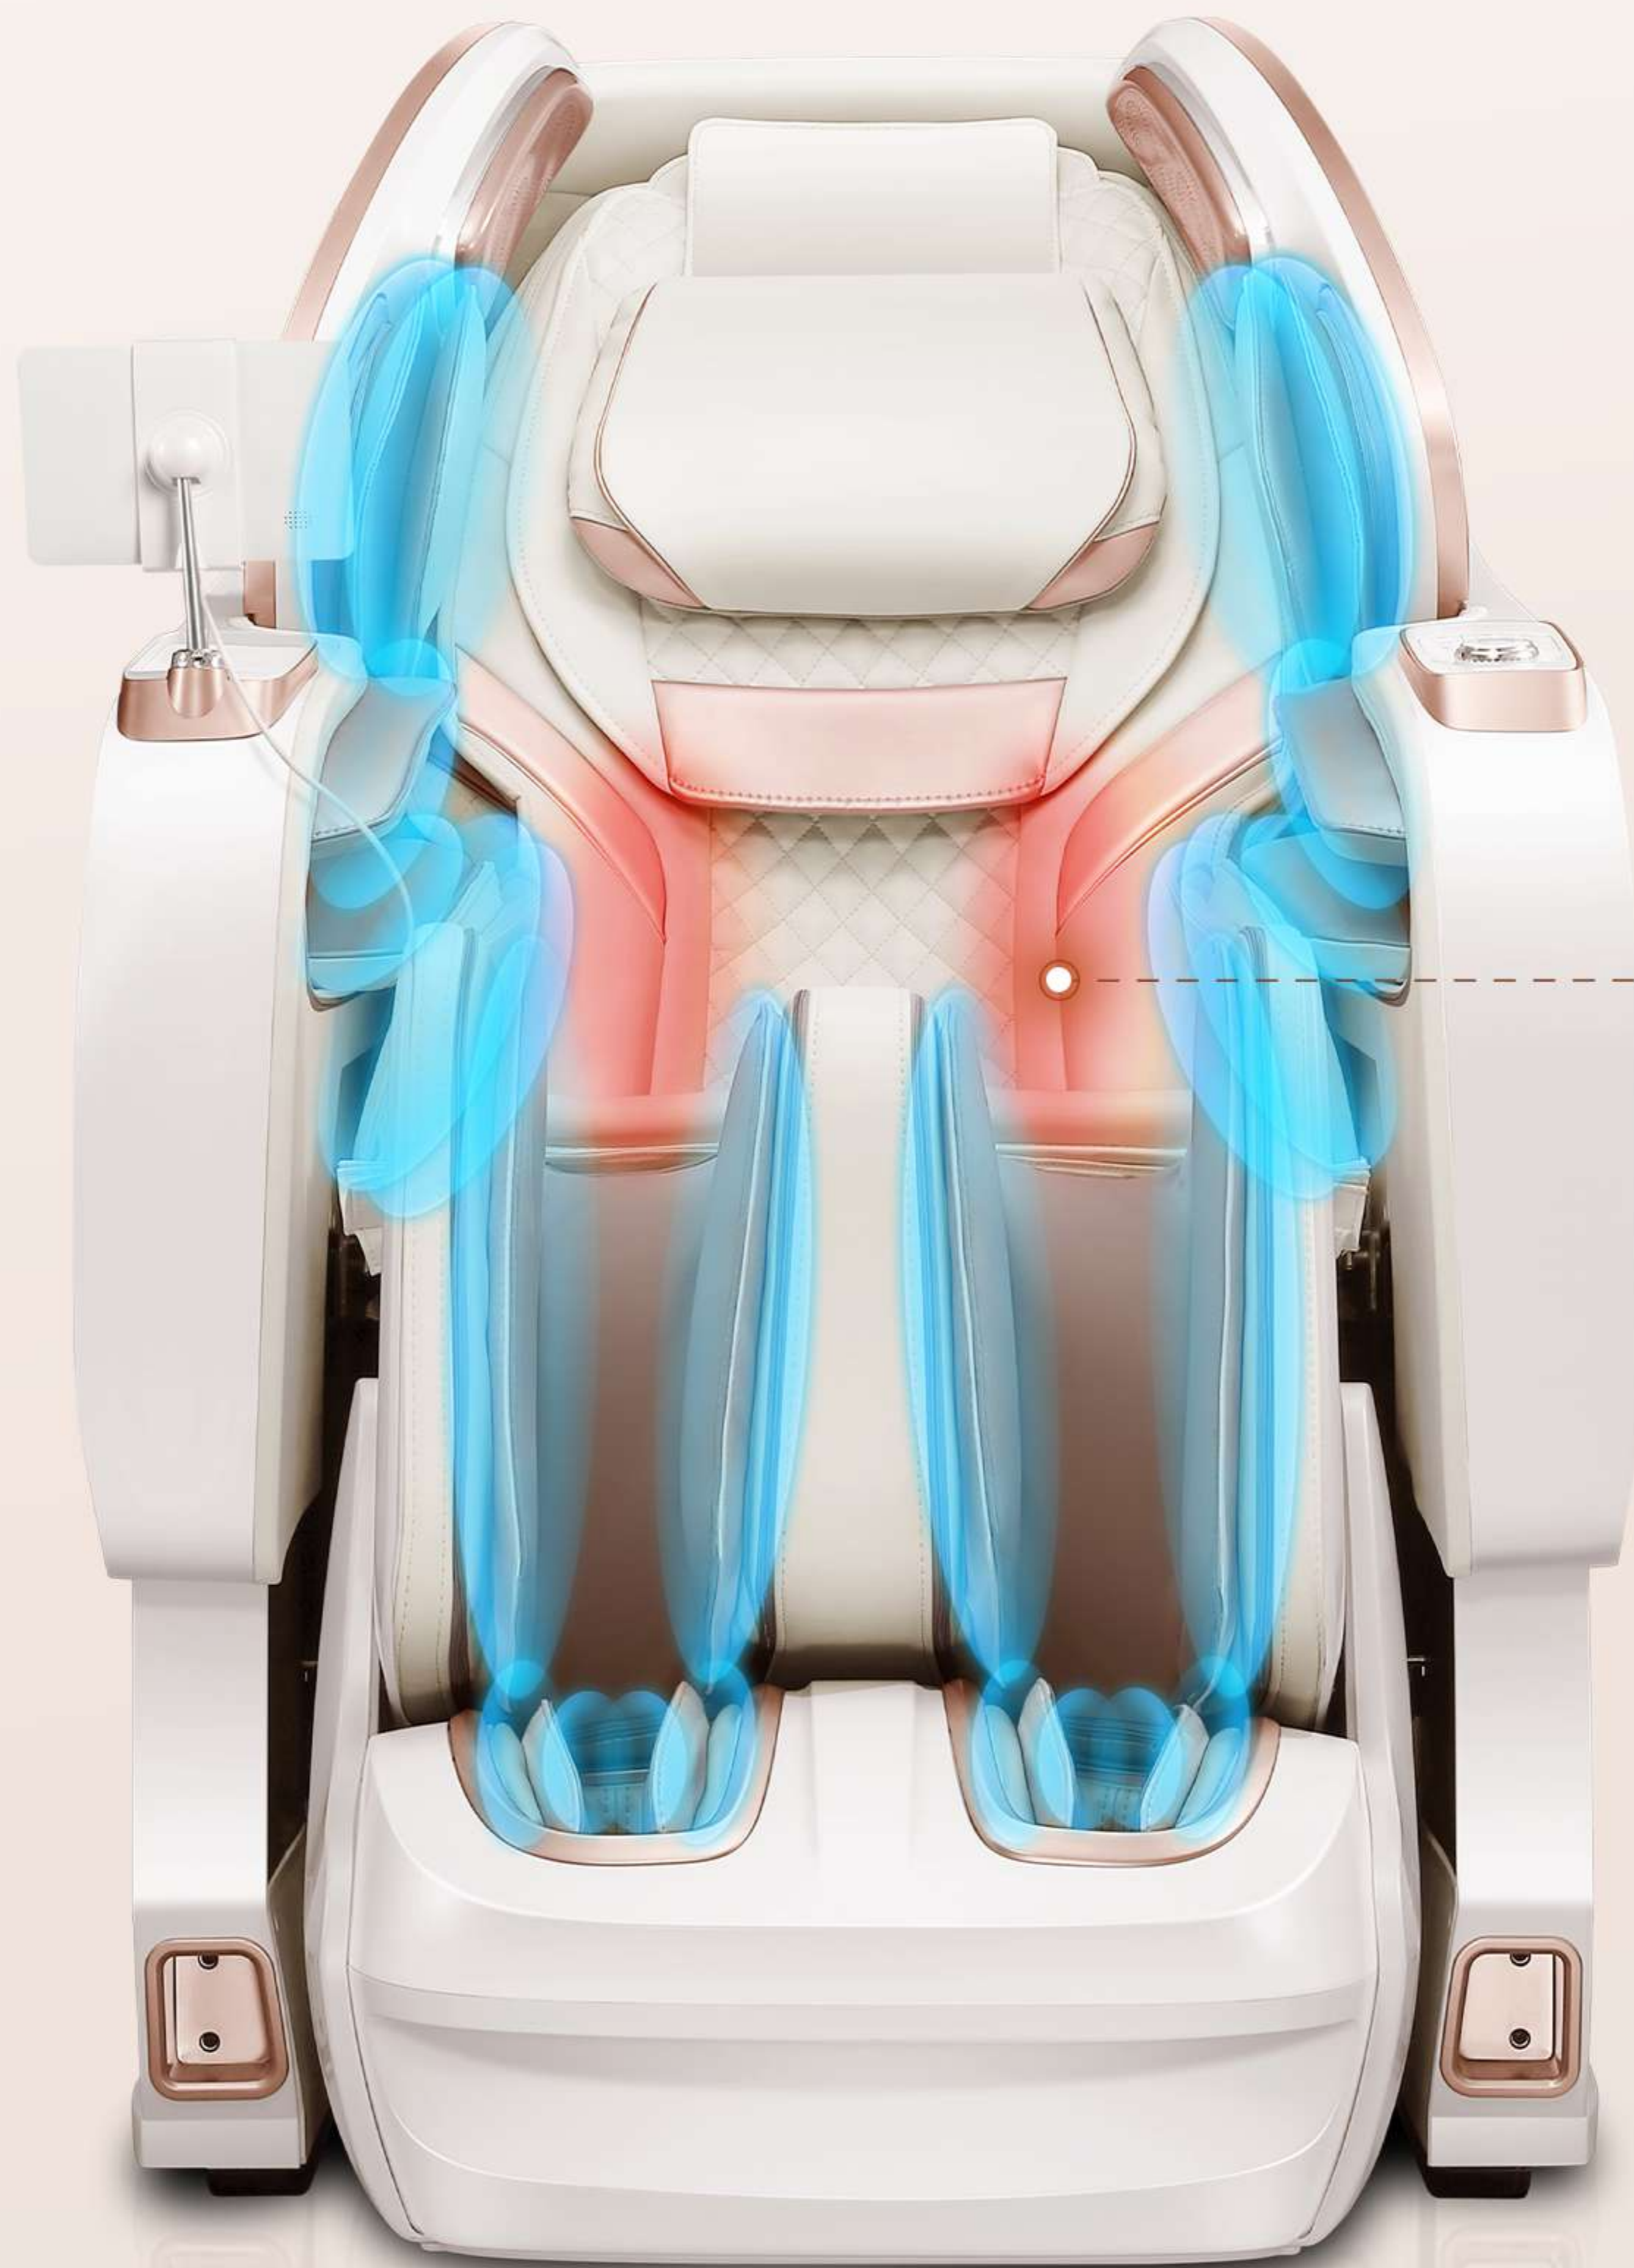

By simulating the techniques of a professional Thai masseur, this method provides front-and-back stretching for the feet while strengthening leg muscles. Integrating professional massage techniques, it deeply relaxes the calf muscle group, relieving leg fatigue caused by prolonged standing or sitting.

36 Enveloping Airbags

Like being gently cradled in a warm embrace

Covering areas from shoulders to feet, 36 strategically placed airbags—powered by a robust pump—mimic gentle hand-like pressure to relax muscles through controlled inflation and deflation.

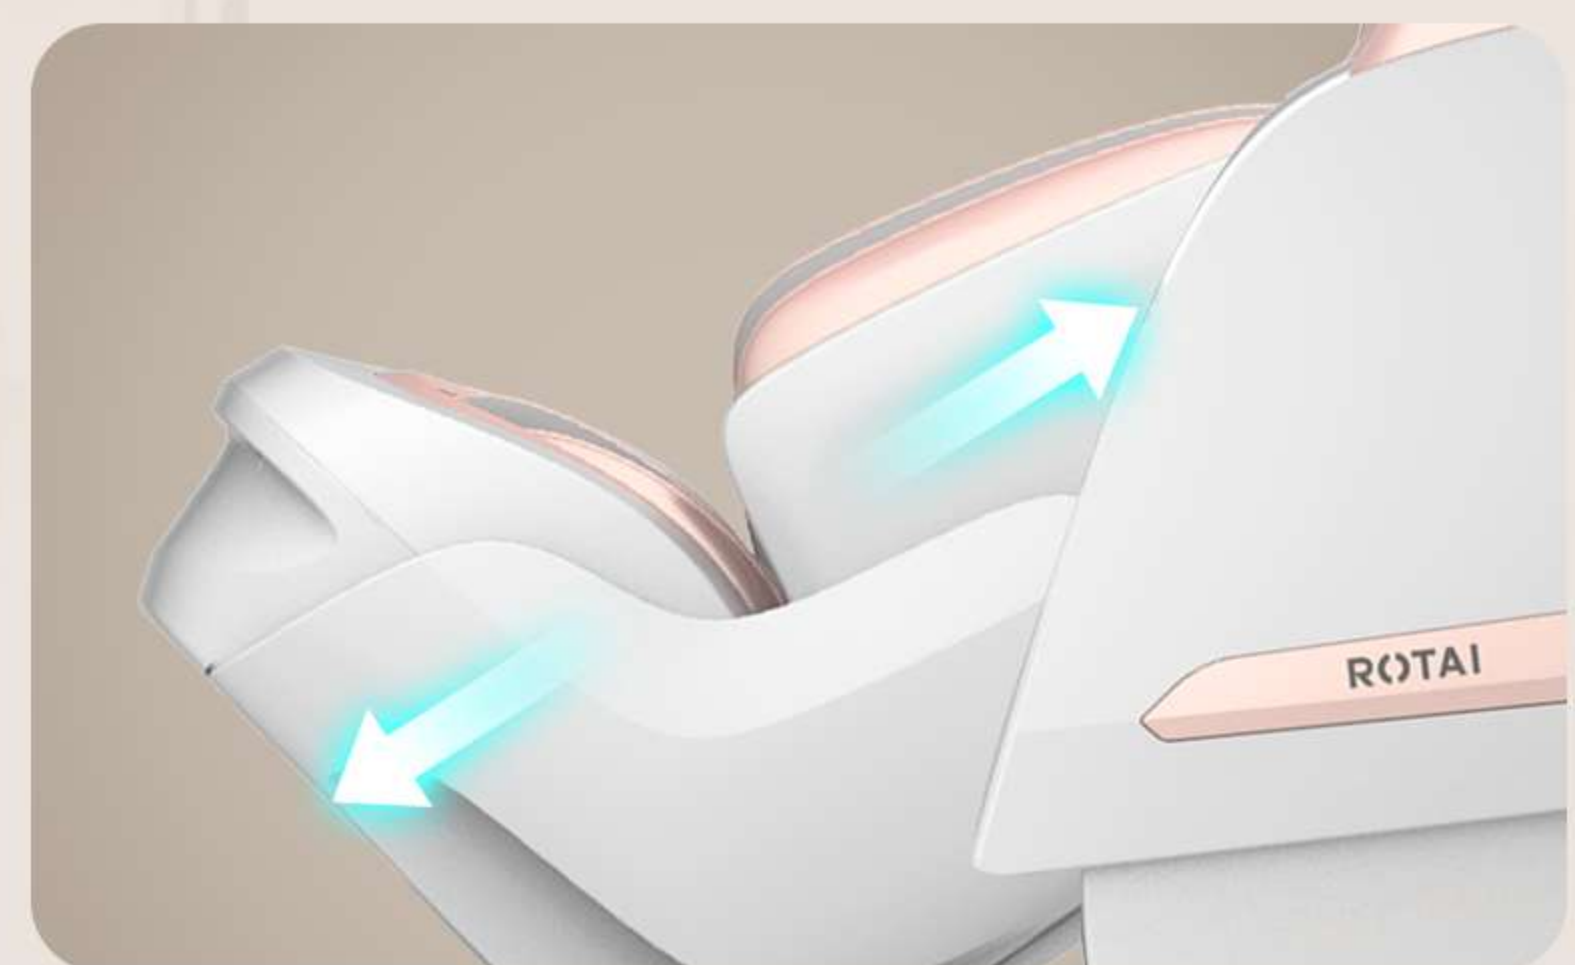

Carbon Fiber Heating

Quick to warm up, delivers comfortable warmth, enhances blood circulation.

3-Step Foot Sole Massage Roller

12-layer foot airbags 360° wrap, mimic masseuse shiatsu to deeply relax muscles & relieve fatigue

Patented Double Acting Legrest

Upper footrest two way traction by 90MM
Lower footrest two way traction by 170MM

Thoughtful Care

Comfort from Thoughtful Details

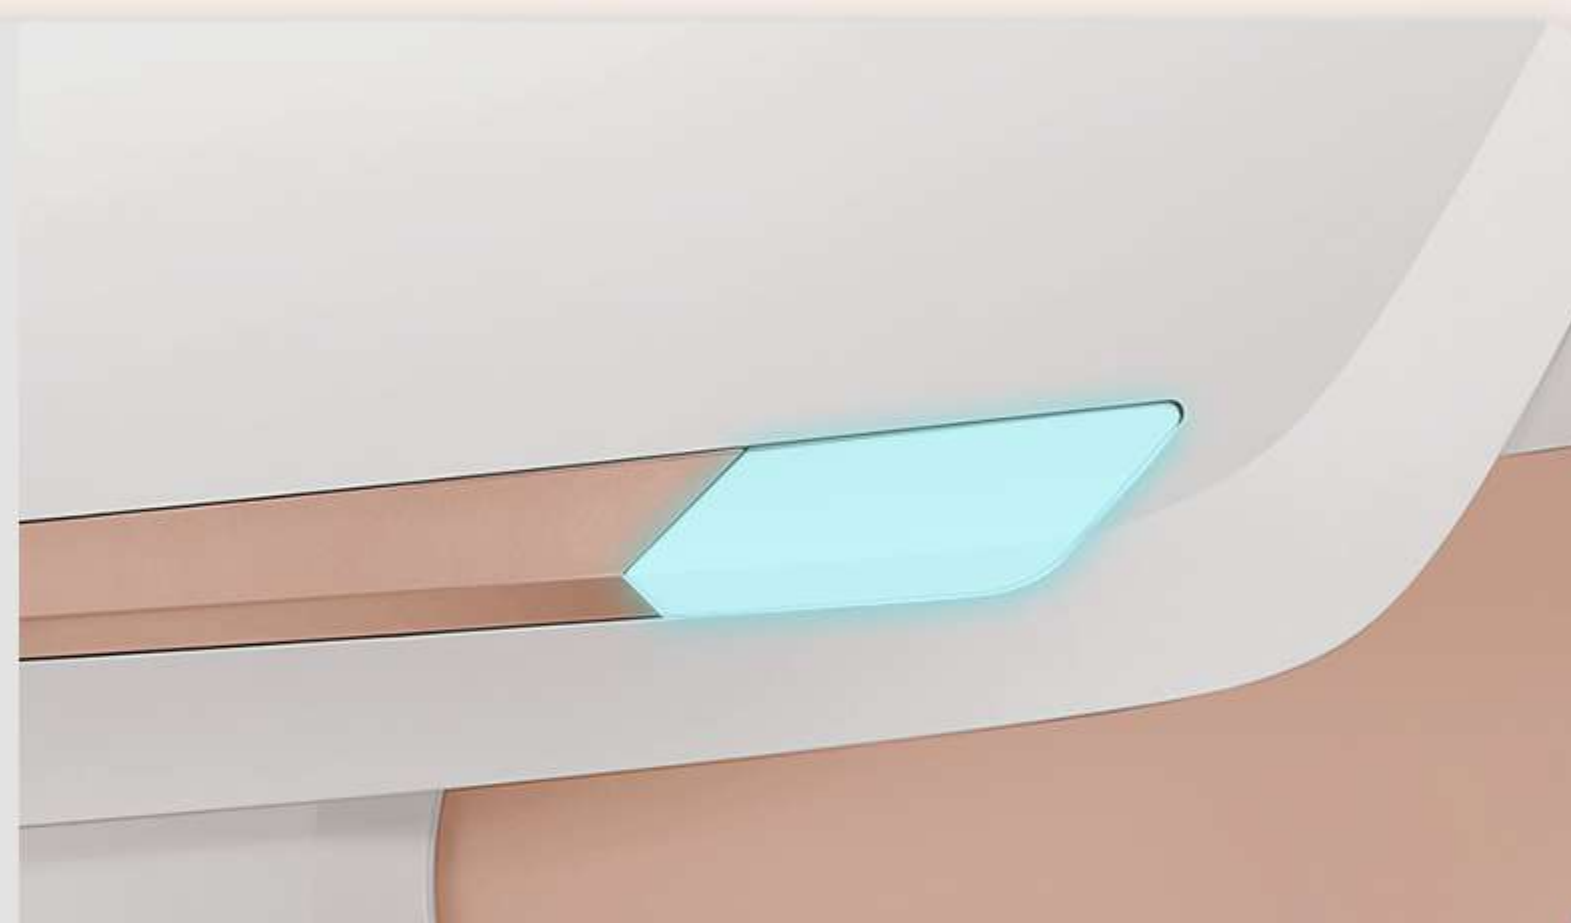

Eco-friendly and Skin-friendly Fabric

Soft Texture, Resistant to Wear and Tear

Stylish Breathing Light

Light moves with the chair, intelligent illumination sensing.

Bluetooth Connection

Surround sound to relax your whole body

Armrest quick buttons

Easily manage your chair

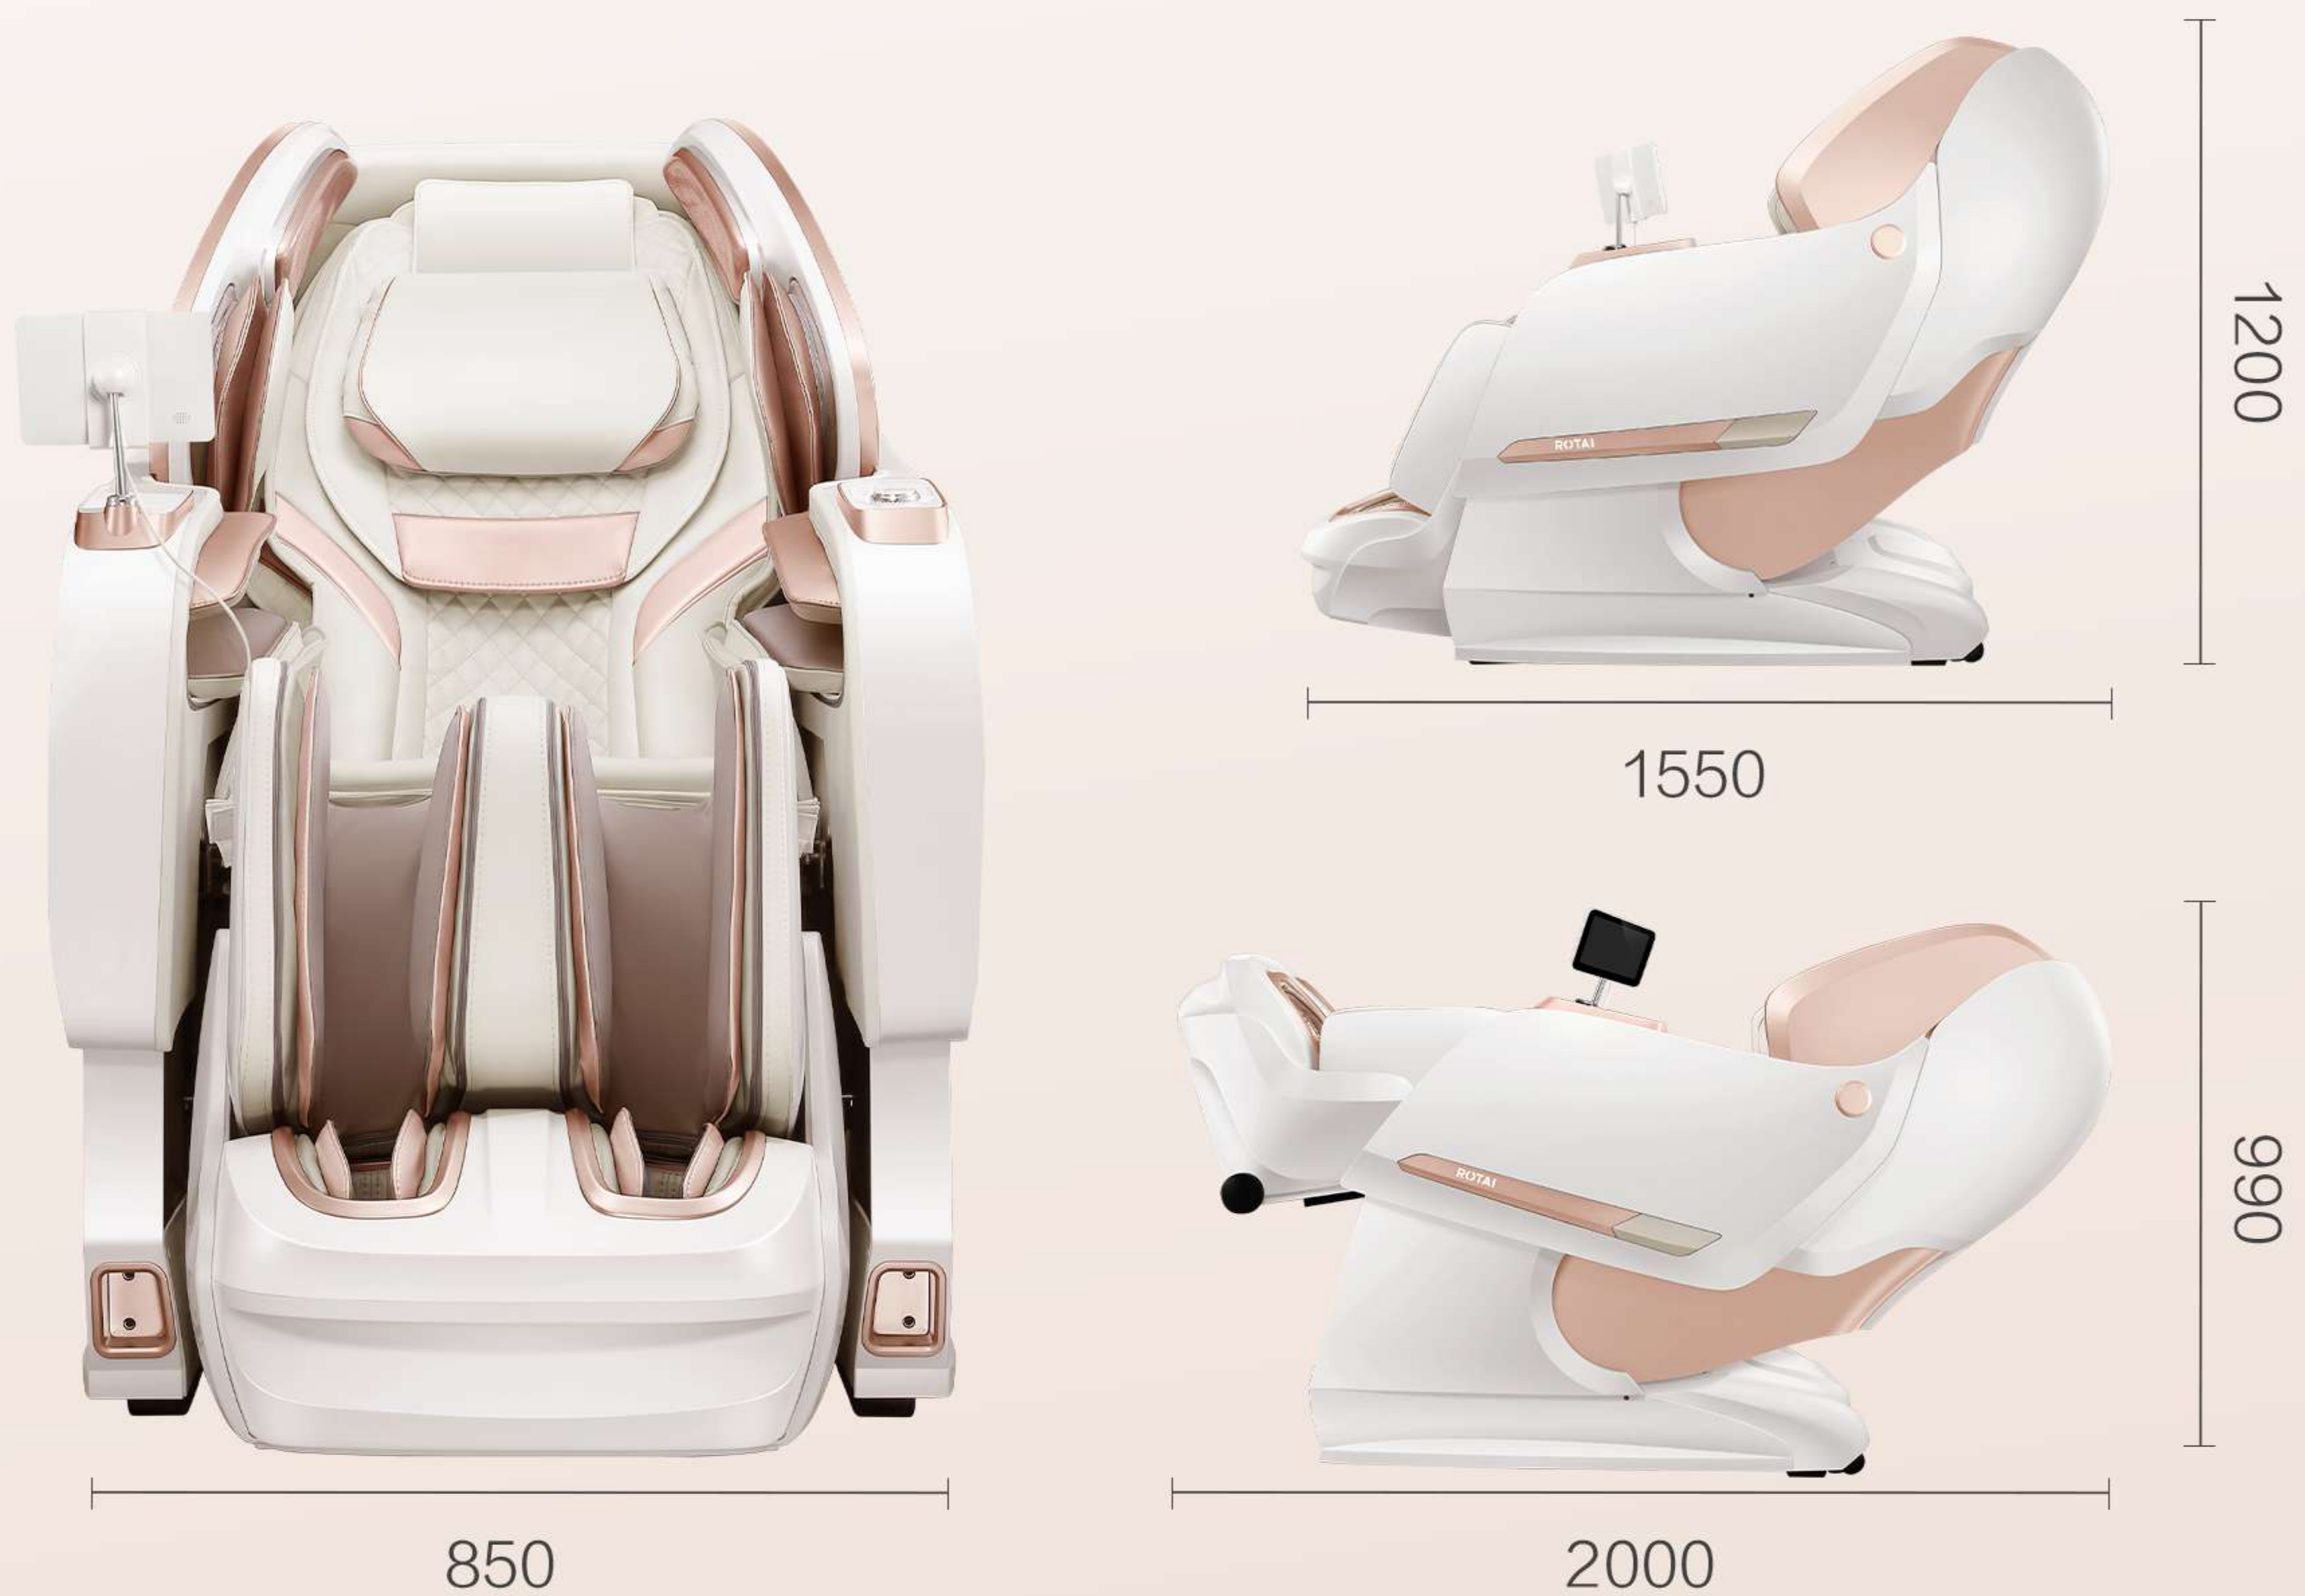

Convenient Charging

Wireless charging

Product Specs

Measurement Unit: mm

Model	RT8630
Product Name	Smart Massage Chair
Rated Voltage	220V~
Power Consumption	200W
Upright Dimensions	L1550*W850*H1200mm
Reclined Dimensions	L2000*W850*H990mm
Net weight	160kg
Gross weight	182kg
