

ROTAI

Stretch² Massage Robot

Redefining the Next Generation of Massage Chairs

A70MAX

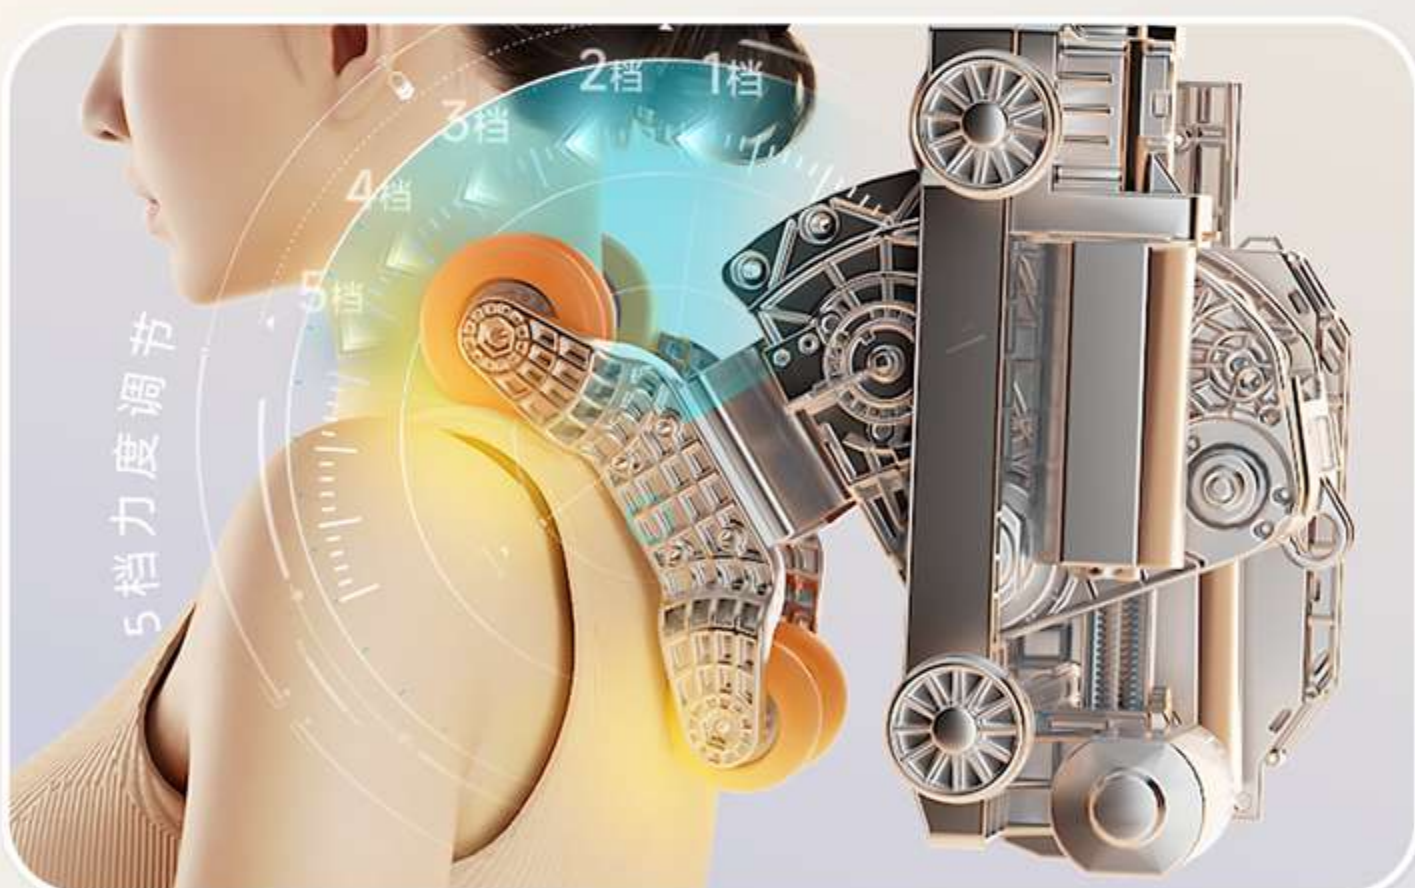

More Professional Massage Chairs

Dual Mechanism

Dual-Core Synergy Quad-Hand Massage

Double the Comfort in One Session
100% Higher Efficiency Compared to Single-Core Massage Systems

Upper Core - 4D SmartSync mechanism

New-Generation Core Mechanism Algorithm Upgrade
Upgraded SRA - Fast-Response True Force Adjustment
3D-TDC Trajectory Dynamic Correction

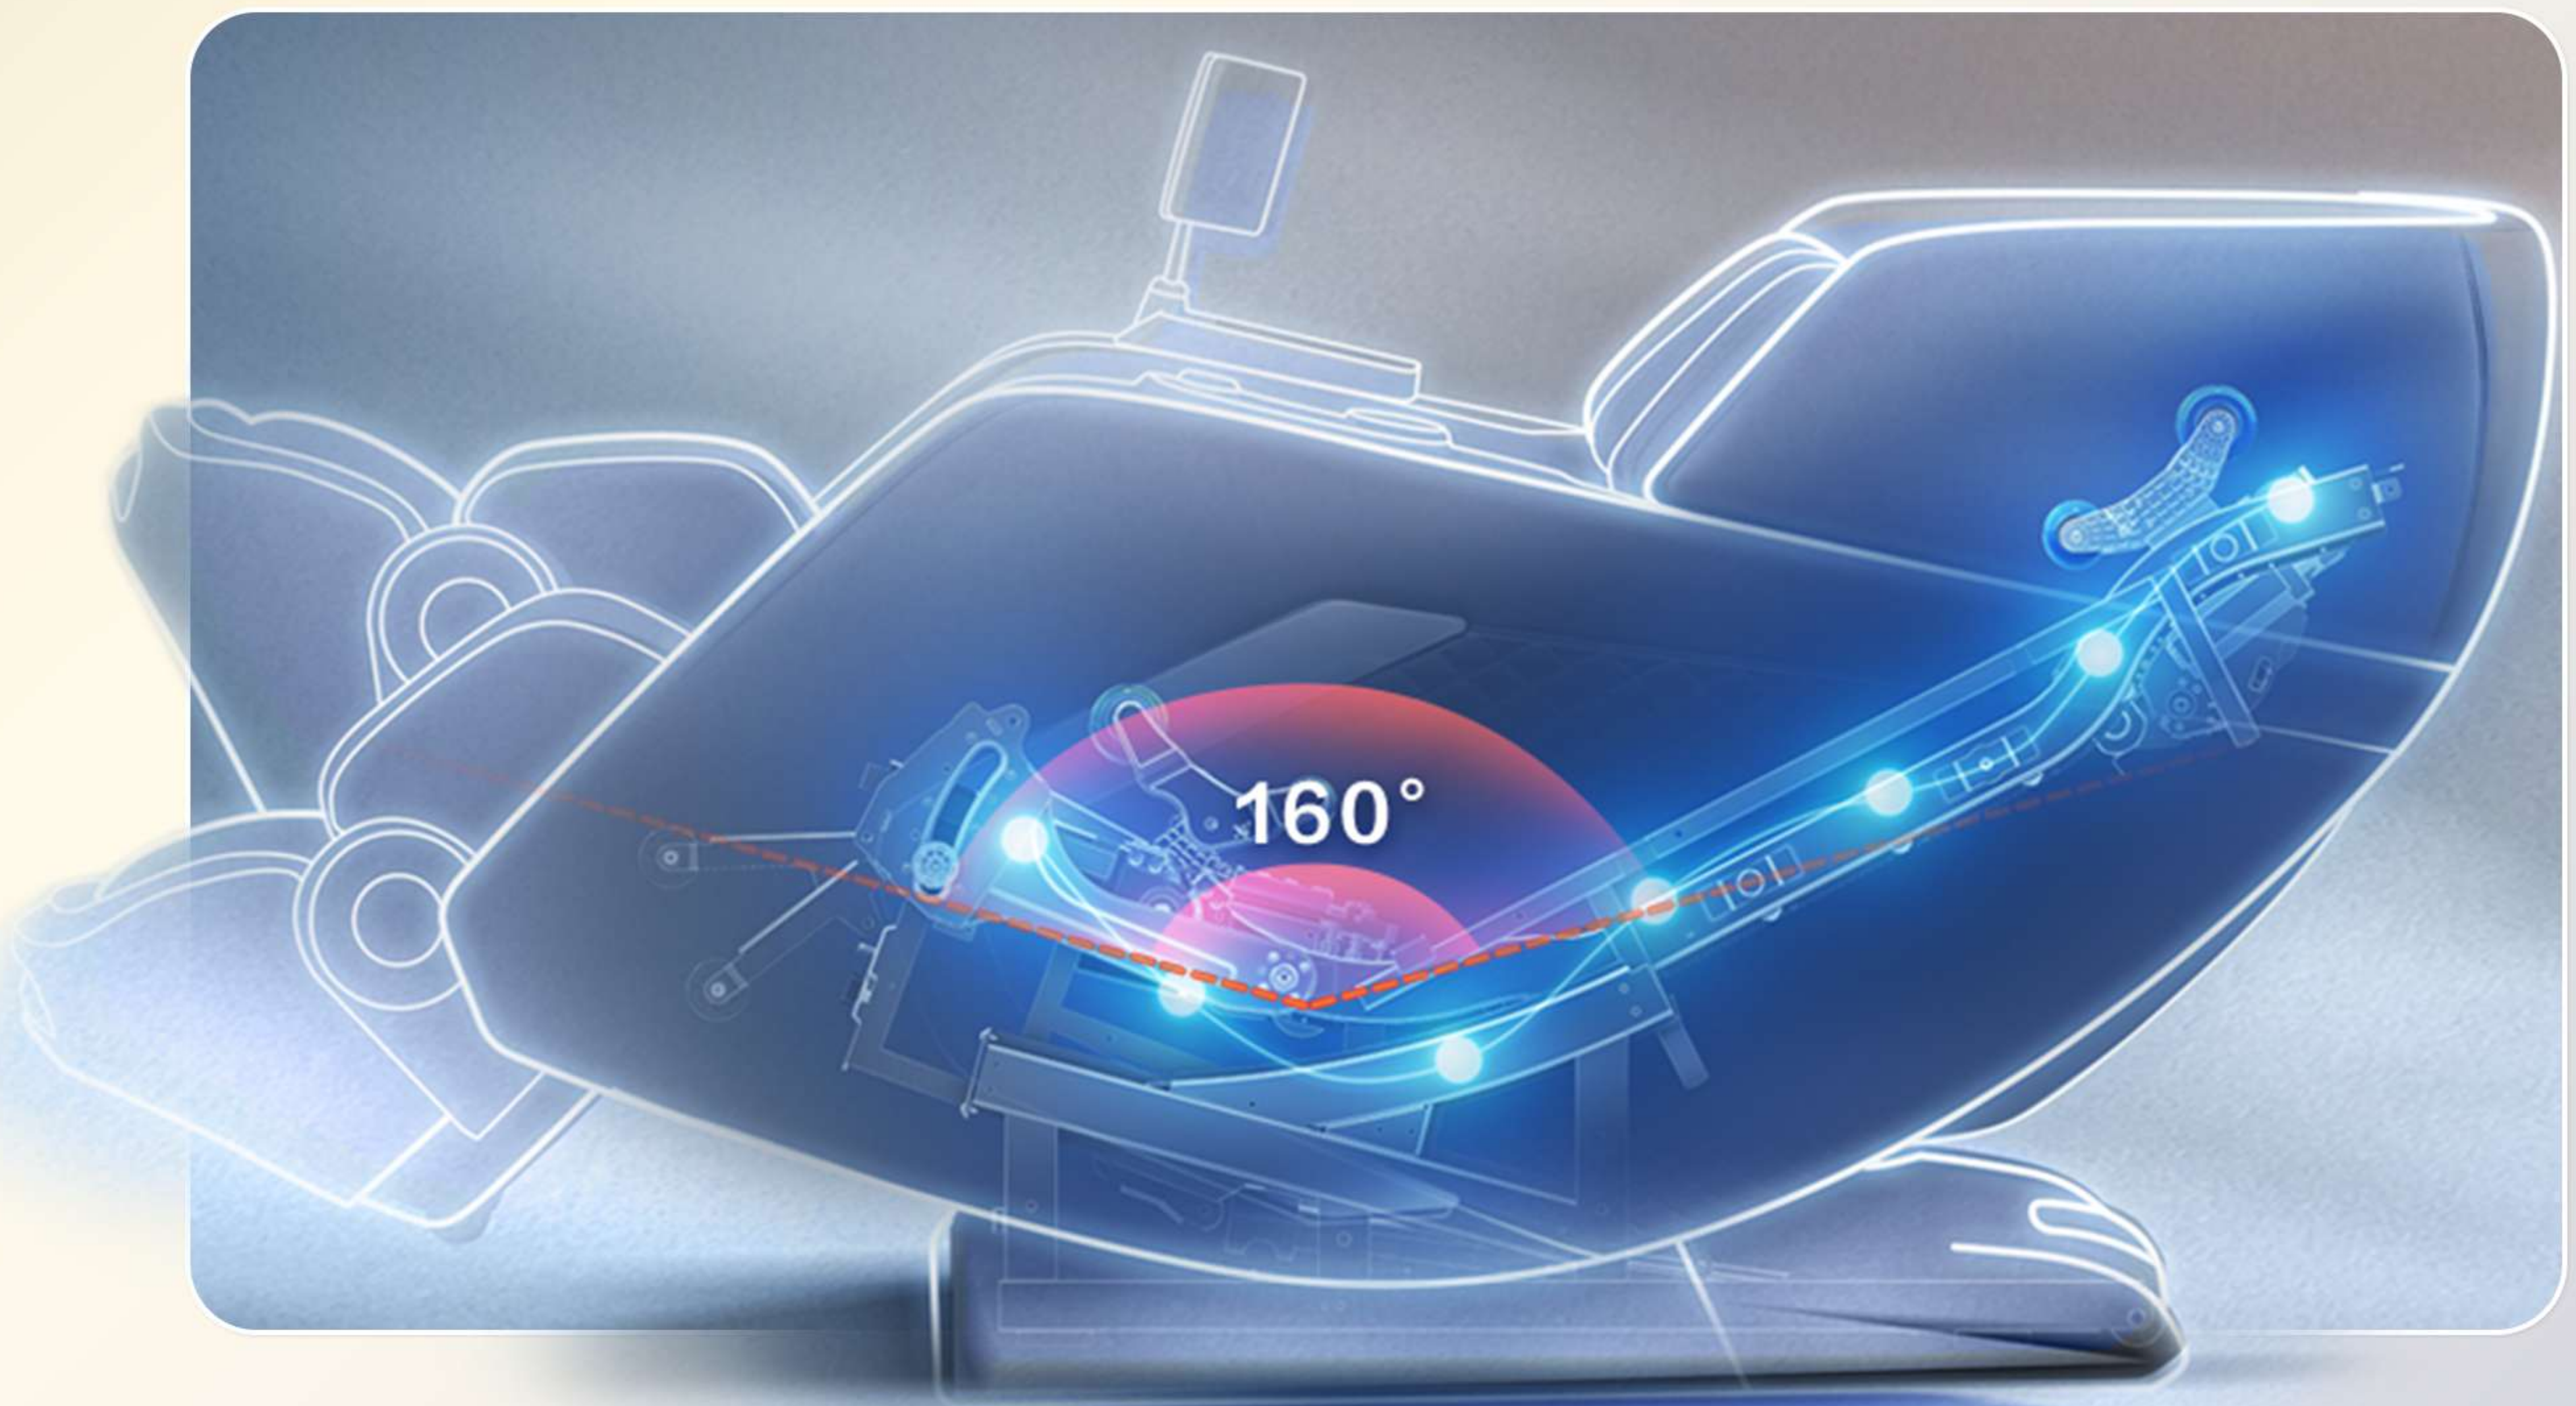

Lower Core - 3D Hip mechanism

Independent Control of Lower Mechanism
24CM Ultra-Wide Massage for Enhanced Comfort

Goldern Angle Flexible Track

Professional full-body stretching

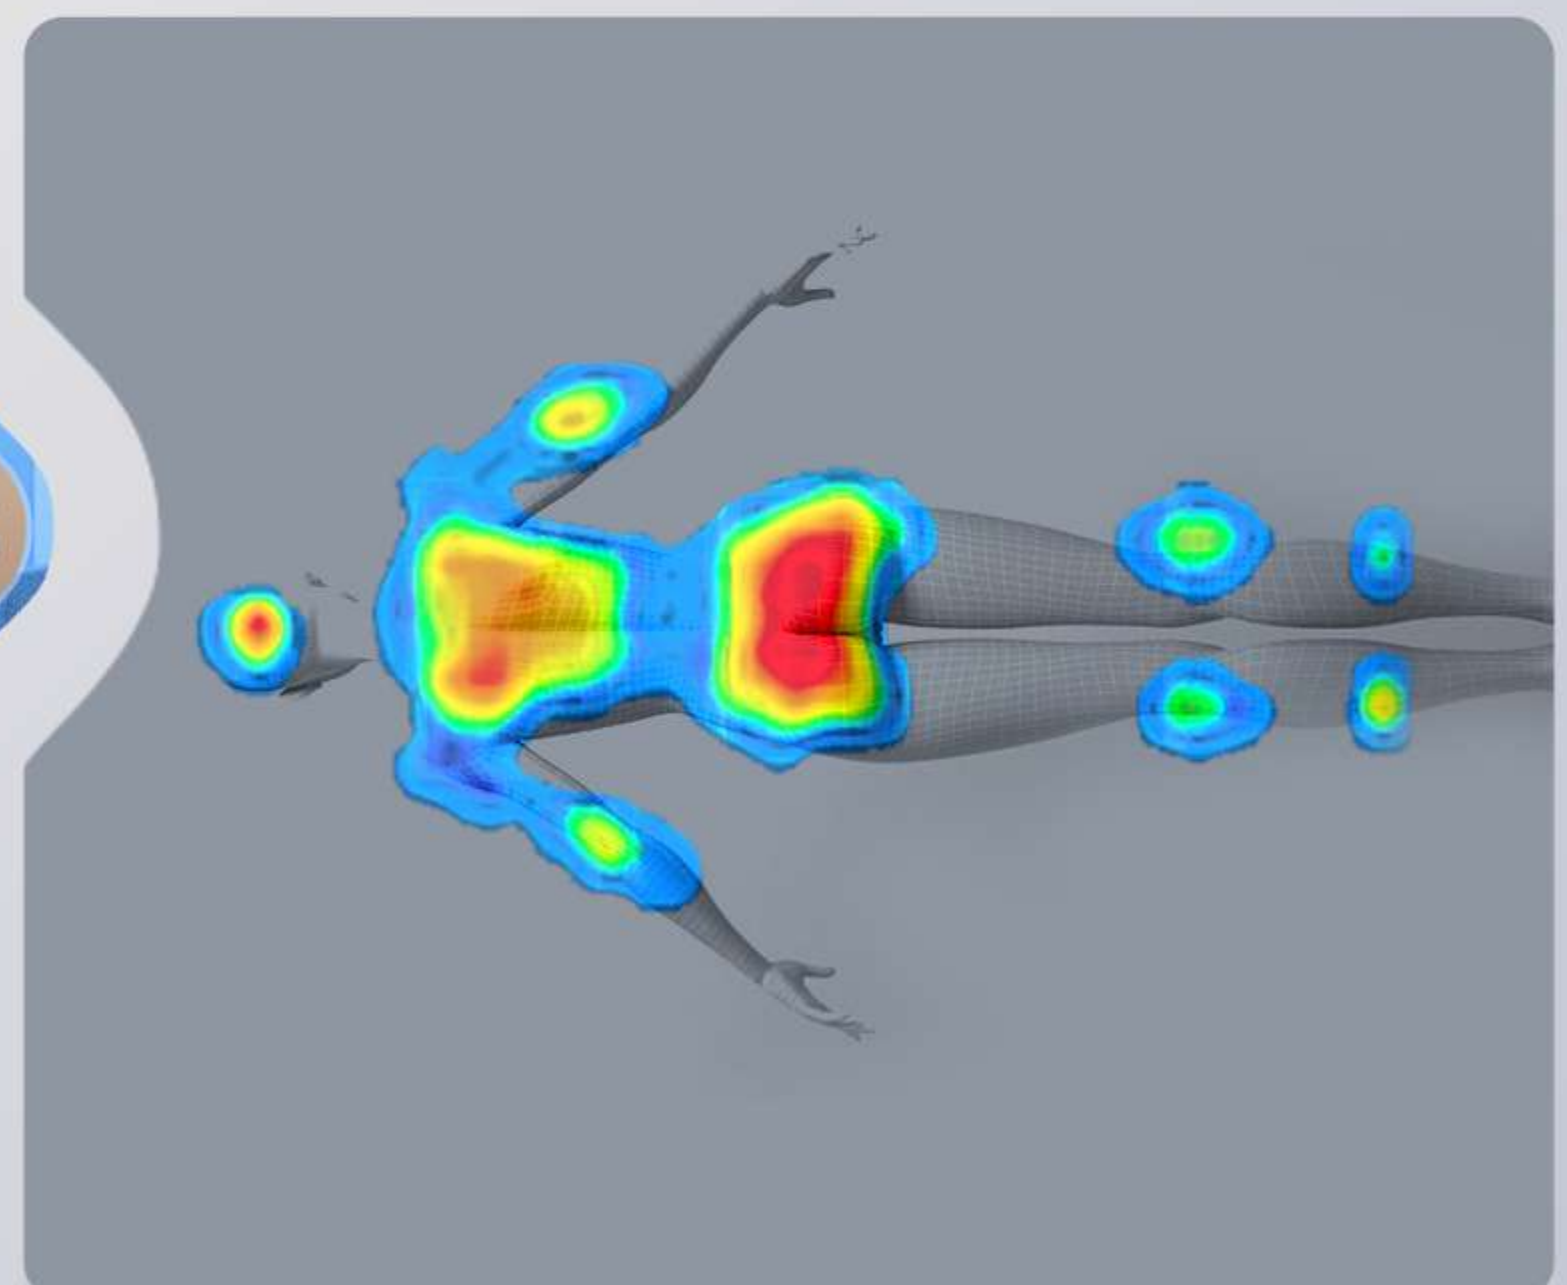

Golden Semi-Reclined Angle: Evenly Distributes Body Pressure, Delivers Intense Muscle-Stretching Sensation

Pressure Value (mmHg) 

 A70Max Flexible Guide Rail
Pressure Value ≤ 30 mmHg

Pressure Value in Supine Position

Two Zero Gravity positions

Professional full-body stretching

Designed to follow the natural contours of the human body, this product helps relieve accumulated pressure from prolonged sitting.

Programmed design incorporates Thai massage for a full body stretching experience, providing gentle stretching and relaxation.

Relaxing
Zero Gravity

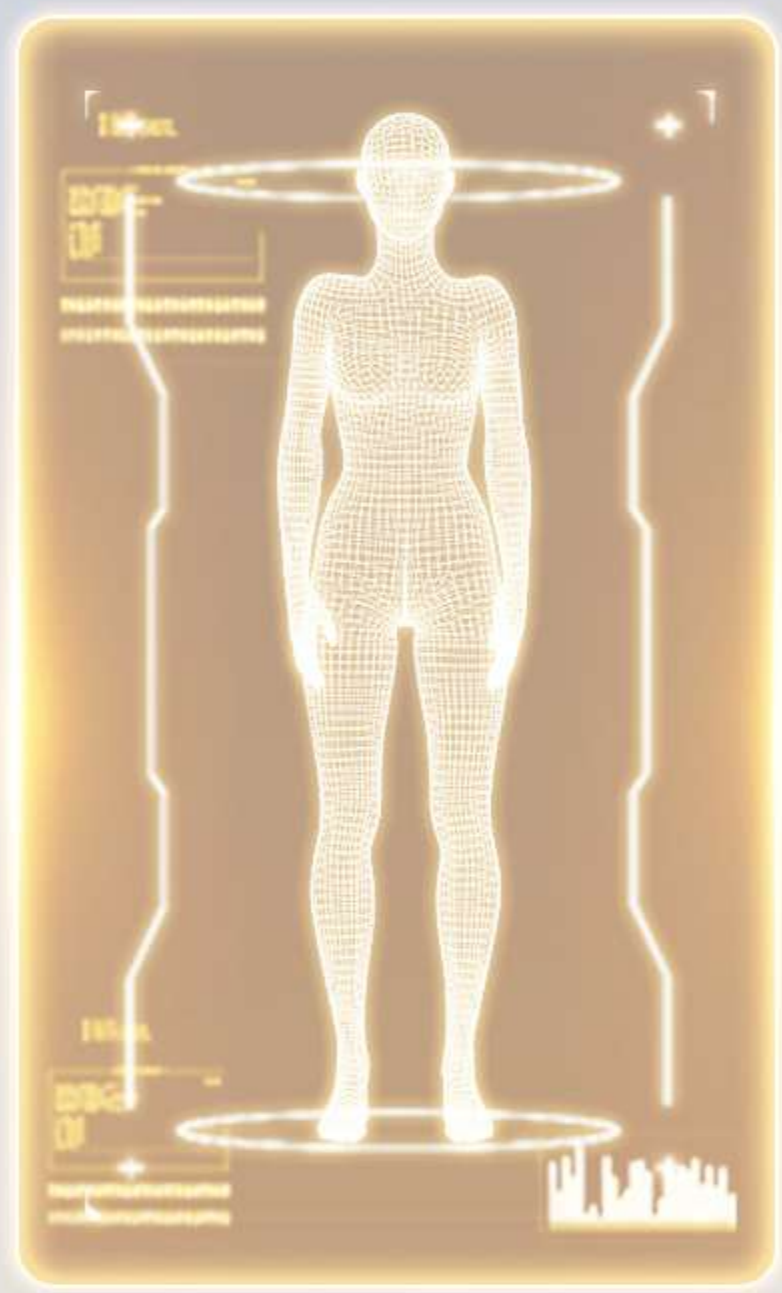

Deep Relaxing
Zero Gravity

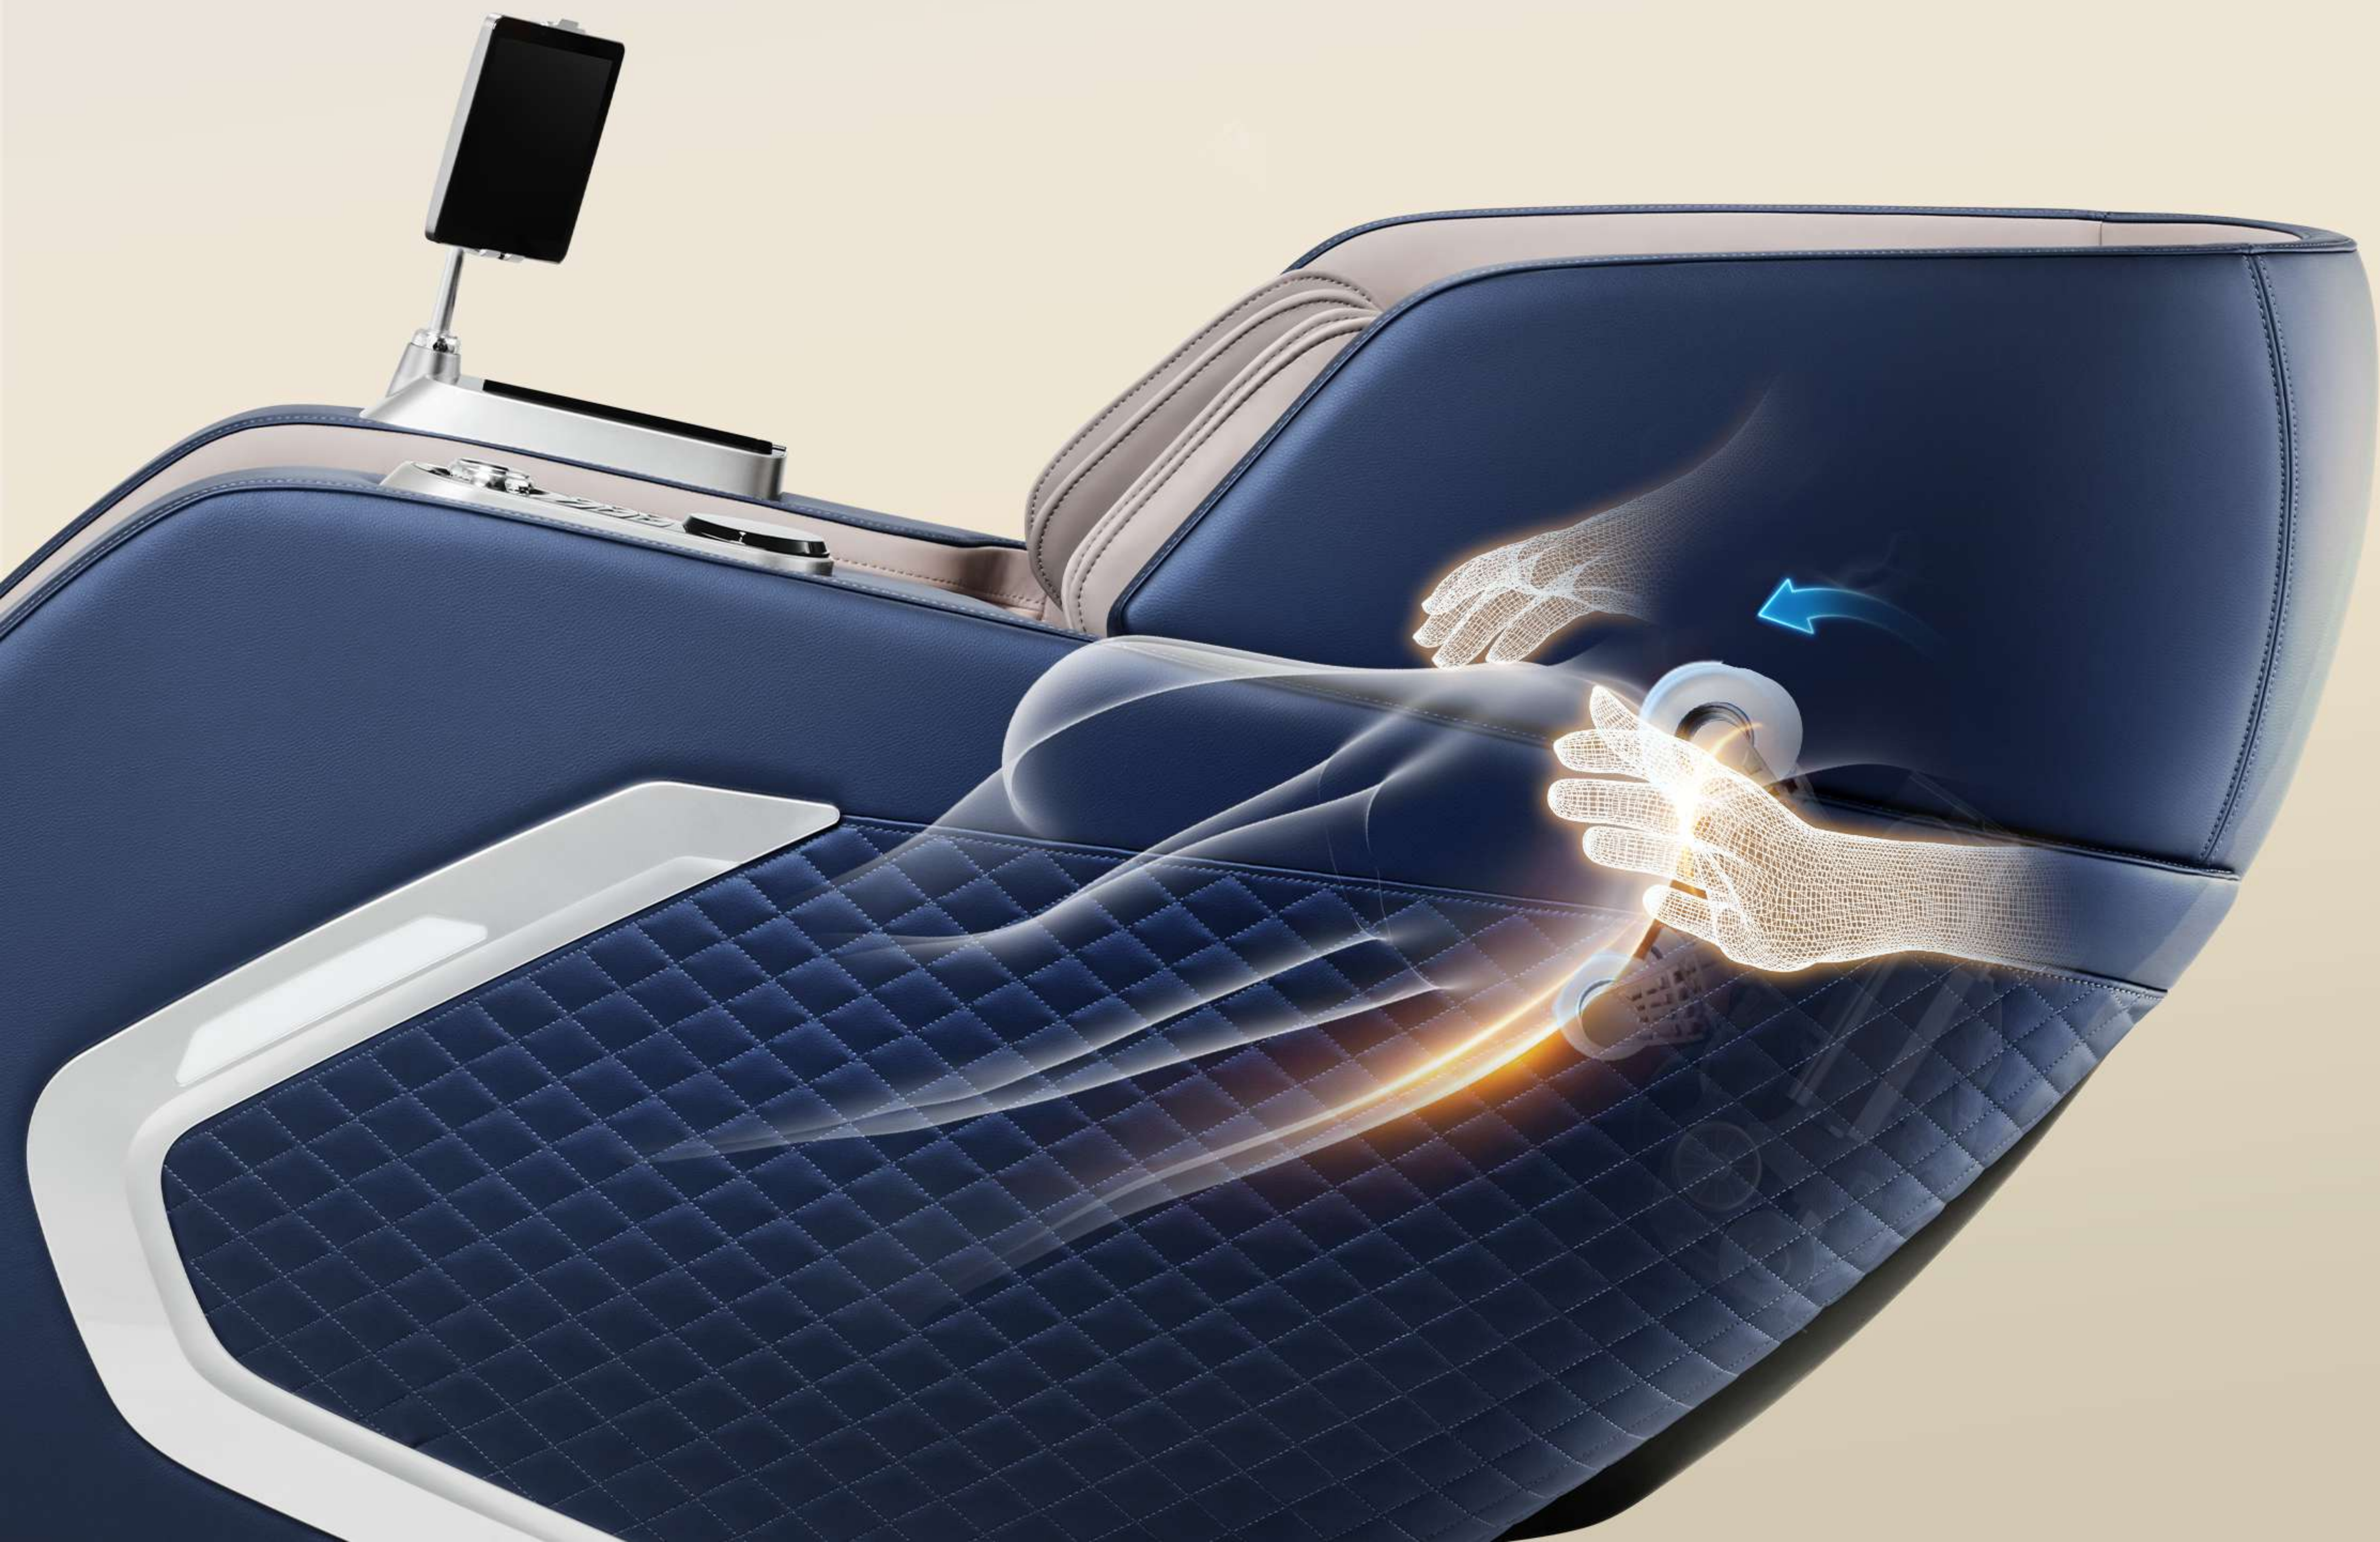

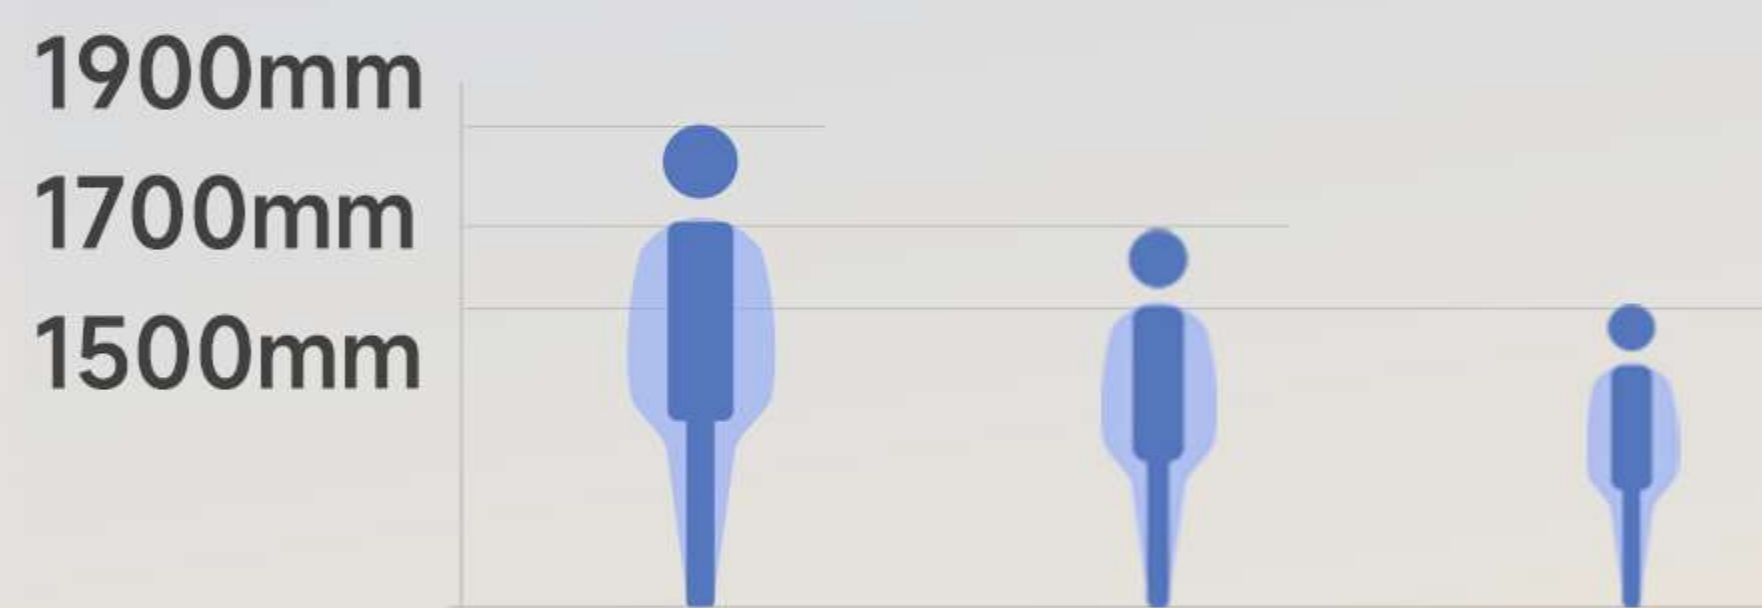

Hall Sensor Body Detection

Faster and More Accurate

The motorized roller tracks movement and uses algorithms to map your entire body, preventing misaligned massage. It intelligently adjusts pressure and techniques based on detected body zones.

Height-Sensing Personalized Fit

Whole Body Air Pressure Massage

38-Airbag System for Dynamic Pressure Relief

A total of 38 strategically placed airbags from shoulder to foot are powered by a powerful air pump that relaxes muscles through controlled inflation and deflation, simulating gentle hand pressure.

Bi-Stretch Stretching² System

Double Stretching, Extremely Comfortable

21+8 Professional Programs

Dedicatedly Crafted, Every Piece Exceptional

Crafted by a Chief Engineer Team with 15 Years of Expertise
15 Curated Automatic Programs, 6 Area-Specific Automatic Programs, and 8
Bi-Stretch Signature Programs

Cycling Stretch⁰¹

Promotes leg muscle development

Vitality Stretch⁰²

Relieves fatigue & stretches limbs

Recovery Stretch⁰³

Whole-body relaxation, zero strain

Piriformis Stretch⁰⁴

Relieves hip tightness

Full-Body Stretch⁰⁵

Whole-body kneading & airbag massage

Lower Limb Stretch⁰⁶

Stretches legs & recharges energy

PNF Stretch⁰⁷

Essential for exercise – stretches muscles

Psoas Stretch⁰⁸

Deeply releases hip flexor muscles

Smart Dual-Control Massage Chair

Two Ways to Command Relaxation

Our massage chairs feature intelligent dual-control technology that lets you choose between two intuitive modes: a high-definition tablet interface for easy menu navigation and separate armrest buttons for easy operation.

8" HD Table

Upgraded Control
Dual Core Independent Operation

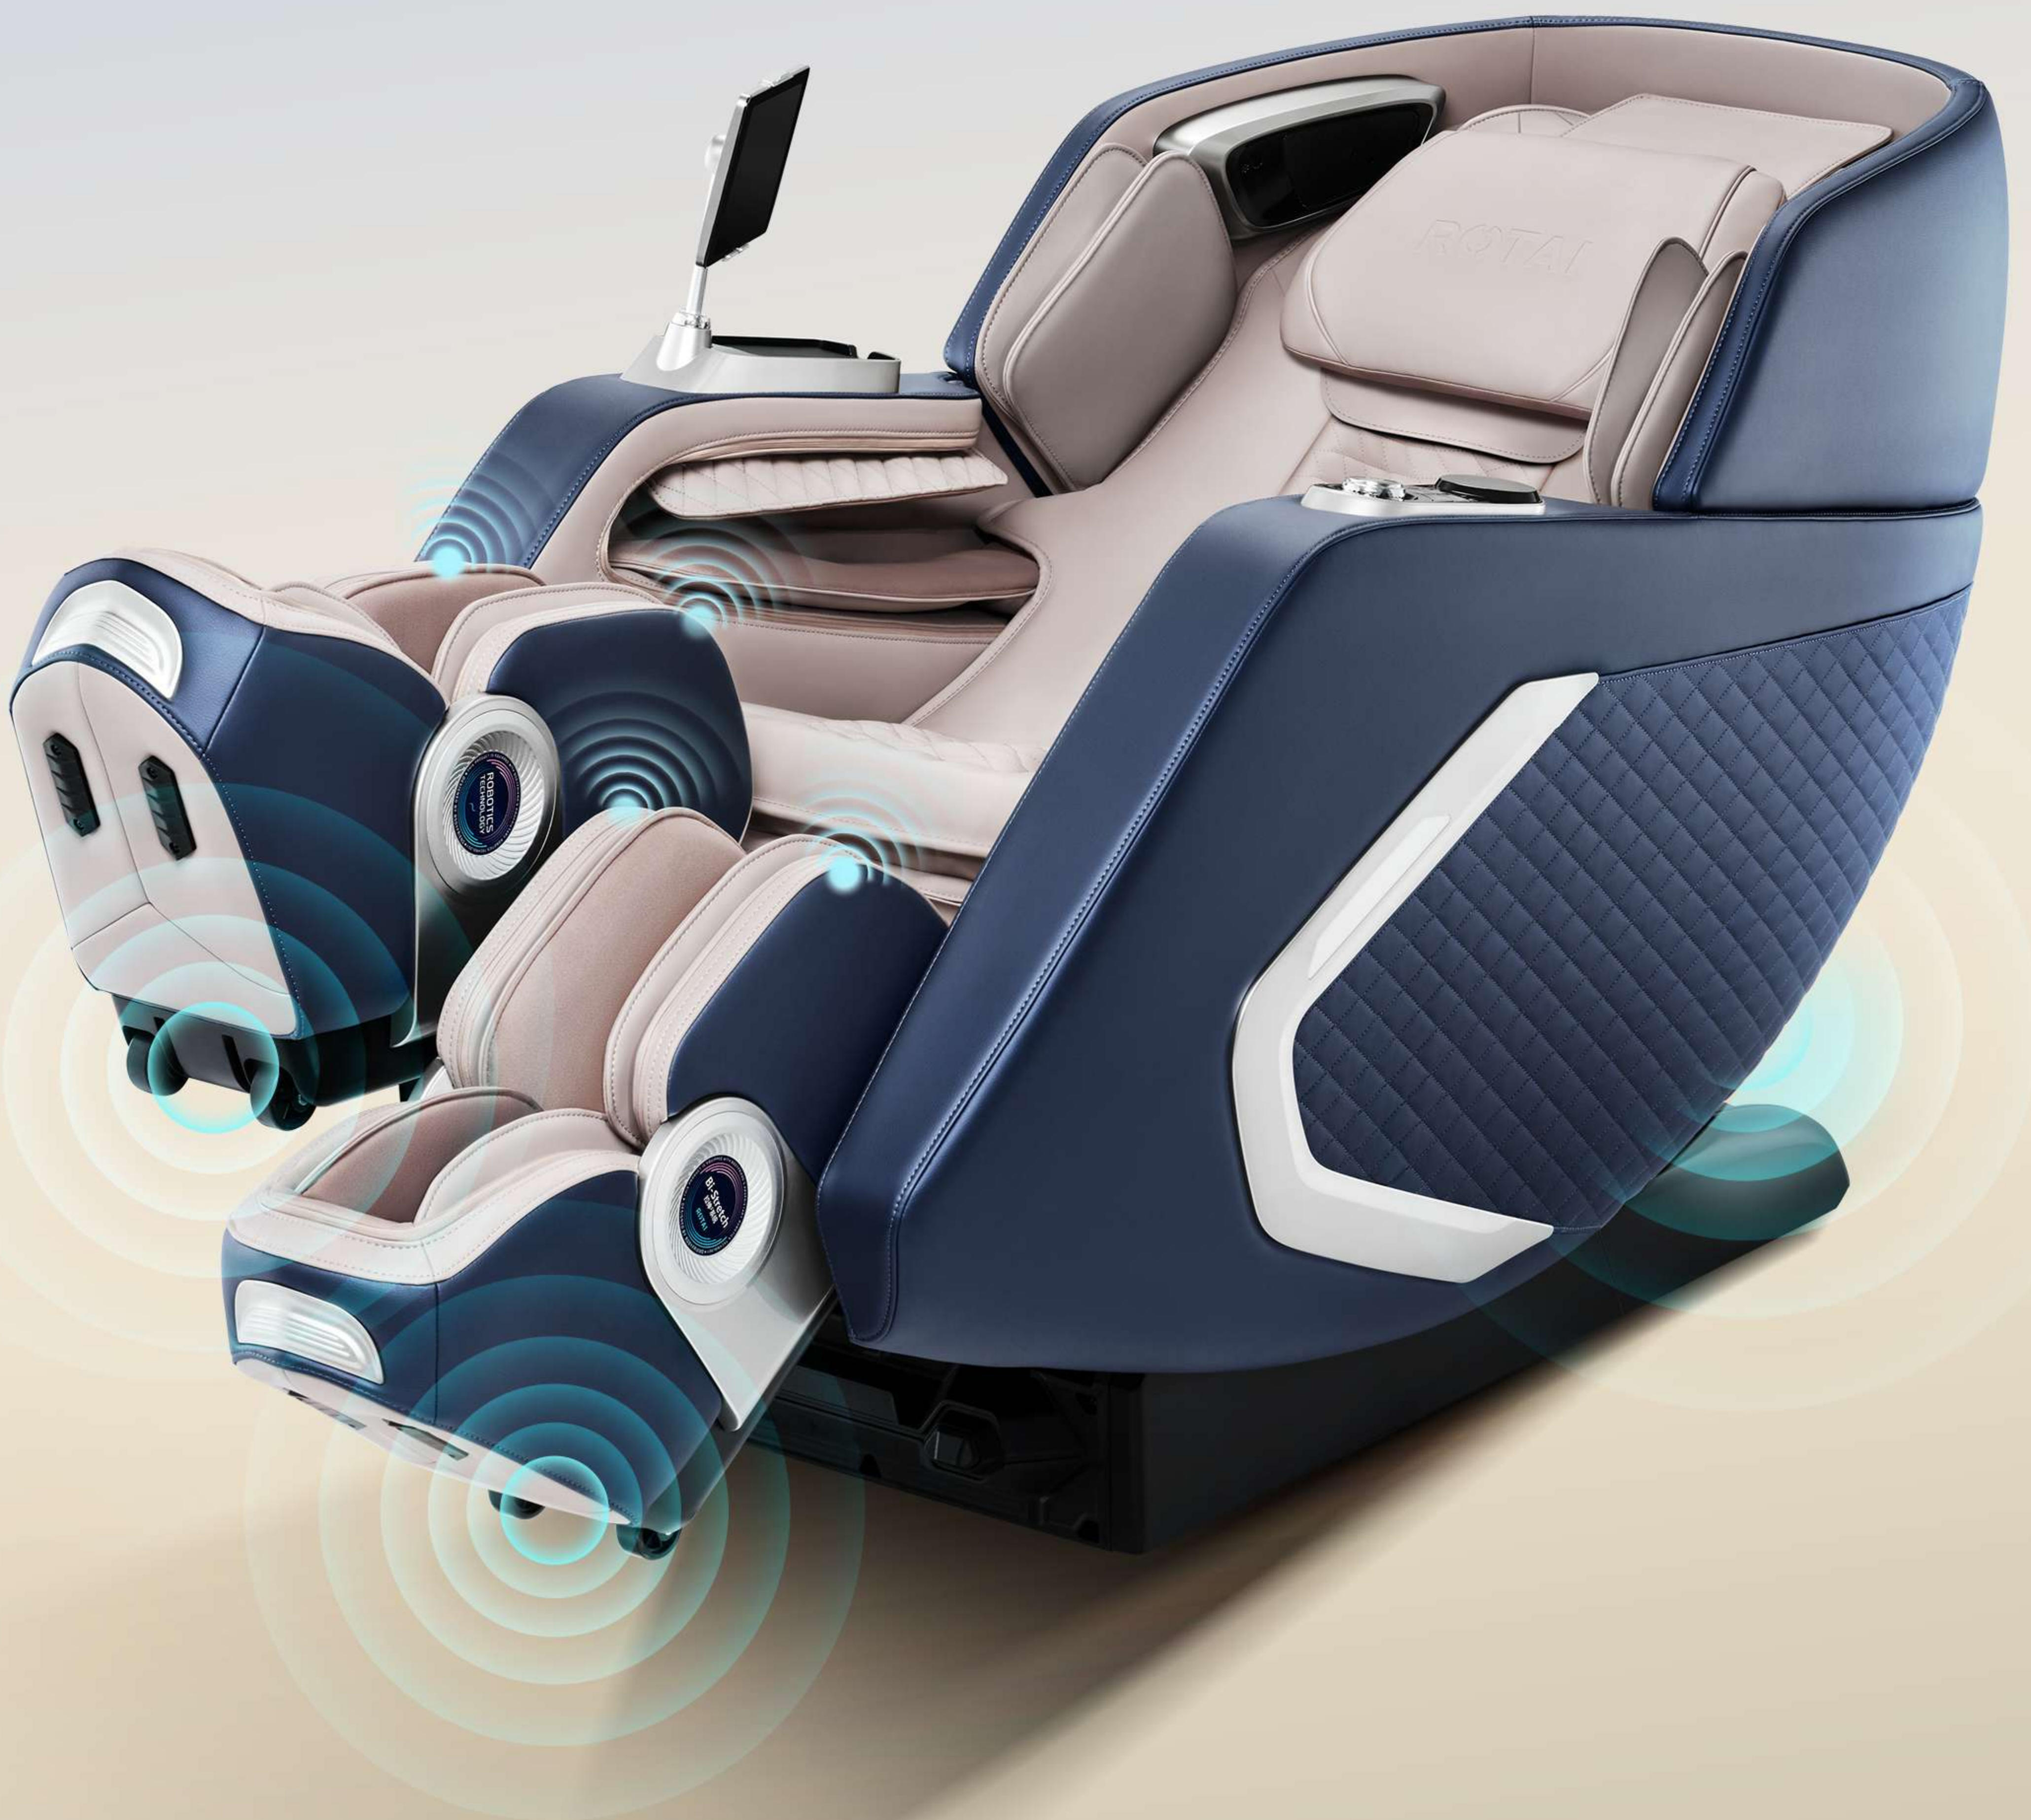

Armrest Quick Buttons

Effortless Operation with
Press-and-Use Instantly

Anti-Pinch Feature

Keep you and your furry friends safe

Equipped with 7 anti-pinch sensing devices at the rear sides of the calves, the rear cover of the electric control box under the backrest, and other key locations, this feature ensures safer and more comprehensive protection. Relax and enjoy massage sessions anytime, anywhere, with peace of mind.

Charging Flexibility

USB Charging

No more tangled cords or "where's the outlet?" headaches – our massage chair offers USB charging. Keep your phone powered up in real time.
